2018 Program Descriptions

Program	Program Description	Type of Funding	Resources Available
	New York State Council on the Arts (Arts)		
Arts Grant Program (Arts ACIP, WIP, WRP)	Funds are available for arts and culture initiatives to eligible non-profit and local units of government. This Local Assistance support is provided under Article 3 of NYS Arts and Cultural Affairs Law for the presentation, staffing and training of the performing, literary and visual arts that encourage broader participation and public interest in the cultural heritage of NY State and promotes tourism and economic development. Funding Programs: Arts and Cultural Impact Programming (ACIP); Workforce Investment (WIP); Workforce Readiness (WRP)	Grant	Up to \$5 million
Arts & Cultural Facilities Improvement Program (ACFIP)	The NYSCA Arts & Cultural Facilities Improvement Program – Large Capital Project Fund was established to strengthen tourism; promote business development, and improve the quality, efficiency and accessibility of New York State arts and cultural organizations through targeted investments. Funding is available for, but not limited to, renovations and/or expansions of space(s) that are open to the public; modifications to provide for sustainable, energy efficient spaces that would result in overall cost savings; accessibility renovations; as well as technology and other equipment that would benefit the public.	Grant	Up to \$5 million
	NYS Canal Corporation (Canals)		
Canalway Matching Grant Program (Canals)	The Canalway Grants Program is a competitive matching grant program available to eligible municipalities and 501(c)(3) non-profit organizations along the New York State Canal System. Funding is for capital projects that enhance economic and community development along the canal corridor and are consistent with the goals of the Regional Economic Development Council Plans.	Grant	Up to \$1 million
	Department of Environmental Conservation (DEC)		
DEC/EFC Wastewater Infrastructure Engineering Planning Grant Program (DEC EPG)	The New York State Department of Environmental Conservation (DEC), in conjunction with the New York State Environmental Facilities Corporation (EFC), offered grants to municipalities to help pay for the initial planning of eligible Clean Water State Revolving Fund (CWSRF) water quality projects. Up to \$3 million has been made available for this round of the Wastewater Infrastructure Engineering Planning Grant (EPG) program. Grants will assist municipalities facing economic hardship with the engineering and planning costs of CWSRF-eligible water quality projects.	Grant	Up to \$3 million
Water Quality Improvement Project Program (DEC WQIP AHR, MS4, NPS, Salt, SWP, WWT)	The Water Quality Improvement Project (WQIP) program is a competitive, statewide reimbursement grant program open to local governments and not-for-profit corporations for implementation projects that directly address documented water quality impairments or protect a drinking water source. Projects eligible under the Water Quality Improvement Project program include: municipal wastewater treatment (WWT); nonpoint source pollution abatement and control from non-farm sources (NPS); land acquisition projects for source water protection (SWP); salt storage (Salt); aquatic habitat restoration (AHR); and municipal separate storm sewer systems (MS4).	Grant	Up to \$79 million
Climate Smart Communities Program (DEC CSC)	The Climate Smart Communities (CSC) program, funded under Title 15 of the Environmental Protection Fund, is a competitive grant program awarding 50/50 matching grants to eligible municipalities to implement climate adaptation and mitigation projects across the state. Projects eligible under the CSC Grants Program include flood risk reduction; extreme weather preparedness; reduction of greenhouse gas emissions from non-power sector sources, with an emphasis on transportation and food waste; and projects undertaking pre-implementation actions related to Climate Smart Communities Certification.	Grant	Up to \$8.78 million
	Department of Labor (DOL)		
Workforce Development Grants (DOL EET, UWT)	Grant funding is available to for-profit and not-for-profit businesses, training providers, and Local Workforce Development Boards to upgrade the skills of the workforce. Under Existing Employee Training (EET), current employees in low- and middle-skill positions will receive occupational skills training, in classroom settings, to attain or retain middle-skills occupations. Under the Unemployed Worker Training (UWT), unemployed or underemployed workers, with an emphasis on individuals with barriers to employment and veterans, will receive occupational skills training, in classroom settings, to be qualified to attain full or part-time employment or higher level of employment in available positions in the region.	Grant	Up to \$5 million

Program	Program Description	Type of Funding	Resources Available
	Department of State (DOS)		
Local Government Efficiency Grants (DOS LGE)	The Local Government Efficiency (LGE) Grant program assists local leaders identify best practices and implement actions focused on reducing municipal expenditures, limiting the growth in property taxes and increasing efficiencies in service delivery. Projects can include local government reorganization, functional or service delivery consolidation, cooperative service agreements, and establishment of regional service delivery mechanisms.	Grant	Up to \$4 million
Local Waterfront Revitalization Program (DOS LWRP)	The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways for planning, design, and construction projects to revitalize communities and waterfronts. Grant categories include preparing or updating an LWRP; preparing an LWRP Component, including a watershed management plan; updating an LWRP to mitigate future physical climate risks; implementing an LWRP or a completed LWRP Component; and celebrating the bicentennial of the Erie Canal - improving public waterfront access for canal communities. This program helps communities breathe new life into their waterfront and underused assets in ways that ensure successful and sustainable revitalization.	Grant	Up to \$15 million
	Environmental Facilities Corporation (EFC)		
Green Innovation Grant Program (EFC GIGP)	The Green Innovation Grant Program (GIGP) provides grants on a competitive basis to projects that improve water quality and demonstrate green stormwater infrastructure in New York. GIGP is administered by NYS Environmental Facilities Corporation (EFC) through the Clean Water State Revolving Fund (CWSRF) and is funded with a grant from the US Environmental Protection Agency (EPA).	Federal Grant	Up to \$15 million
	Empire State Development (ESD)		
Excelsior Jobs Program (ESD EJP)	Refundable tax credits are available to businesses in targeted industries (e.g. high-tech, bio-tech, clean-tech, manufacturing) that create or retain jobs or make significant capital investments. Businesses meeting the eligibility criteria may apply for assistance by contacting their Regional Office within New York State.	Tax Credit	Up to \$75 million
ESD Grant Funds (ESD Grants)	ESD has several grant programs that together make available \$150 million of capital grant funding for the Regional Economic Development Council Initiative. Capital grant funding is available for capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/ or increase business or economic activity in a community or Region.	Grant	Up to \$150 million
Market New York (ESD MNY)	Market New York is a grant program established to strengthen tourism and attract visitors to New York State by promoting destinations, attractions and special events. Funding is available for tourism marketing initiatives, capital/construction projects and the recruitment and/or execution of special events, including meetings, conferences, conventions, festivals, agritourism/craft beverage events, athletic competitions and consumer and industry trade shows.	Grant	Up to \$15 million
New York State Business Incubator Program (ESD BISP)	Designated Business Incubators will be eligible for operating grants from ESD for five years. Business Incubators accelerate the development of early stage companies through a structured array of business support resources and services targeted to the needs of startup companies.	Grant	Up to \$1.37 million
Strategic Planning and Feasibility Study Project Grants (ESD SPFS)	ESD's Urban and Community Development Program promotes economic development in the State of New York by encouraging economic and employment opportunities and stimulating development of communities and urban areas. Total program funding of up to \$1 million is available for working capital grants of up to \$100,000 each to support 1) strategic development plans for a city, county, or municipality or a significant part thereof and 2) feasibility studies for site(s) or facility(ies) assessment and planning. Projects should focus on economic development purposes, and preference shall be given to projects located in highly distressed communities.	Grant	Up to \$1 million

Program	Program Description	Type of Funding	Resources Available
	Homes and Community Renewal, Office of Community Renewal (HCR and HCR/OCR)		
New York State Community Development Block Grant Program (HCR CDBG)	The Community Development Block Grant (CDBG) Program is a federally funded program authorized by Title I of the Housing and Community Development Act of 1974. The CDBG Program is administered by the Office of Community Renewal (OCR) under the direction of the New York State Housing Trust Fund Corporation (HTFC). NYS CDBG funds provide eligible small communities and non-urban counties in New York State with an opportunity to undertake activities that focus on community development needs such as creating or expanding job opportunities, providing safe affordable housing, and/or addressing local public infrastructure and public facilities issues. The primary statutory objective of the CDBG program is to develop viable communities by providing decent housing and a suitable living environment by expanding economic opportunities, principally for persons of low and moderate income. Three CDBG program applications were available for the annual CFA Round: Microenterprise, Public Infrastructure/ Public Facilities, and Community Planning and two programs were made available in open round applications: Economic Development and Small Business.	Grant	Up to \$20 million
New York Main Street Program (HCR NYMS)	The New York Main Street (NYMS) program was formally established in Article 26 of New York State Private Housing Finance Law. The NYMS program is administered by the Office of Community Renewal (OCR) under the direction of the Housing Trust Fund Corporation (HTFC). NYMS funds are awarded to units of local government and not-for-profit organizations that are committed to revitalizing historic downtowns, mixed-use neighborhood commercial districts, and village centers. NYMS grants are available for technical assistance projects or targeted improvements such as facade renovations, interior commercial and residential building renovations, and streetscape enhancement projects.	Grant	Up to \$6.2 million
	Office of Parks, Recreation and Historic Preservation (Parks)		
EPF Municipal Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)	The Environmental Protection Fund Grants Program (EPF) provides matching grants on a competitive basis for the acquisition, planning, and development of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York. Parks is for the acquisition, development and planning of parks and recreational facilities to preserve, rehabilitate or restore lands, waters or structures for park, recreation or conservation purposes and for structural assessments and/or planning for such projects. Historic Preservation is to acquire, improve, protect, preserve, rehabilitate or restore properties listed on the State or National Register of Historic Places and for structural assessments and/or planning for such projects. Heritage Areas is for projects to acquire, preserve, rehabilitate or restore lands, waters or structures identified in the approved management plans for Heritage Areas designated under section 35.03 of the Parks, Recreation and Historic Preservation Law, and for structural assessments or planning for such projects.	Grant	Up to \$19.5 million
	New York State Energy Research and Development Authority (NYSERDA)		
Energy Efficiency Programs	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	Incentive	Up to \$35 million
Net Zero Energy for Economic Development (NYSERDA NZEED)	NYSERDA's Net Zero Energy for Economic Development program encourages the design and construction of commercial, industrial, government and mixed-use facilities to achieve Net Zero Energy performance. Net Zero Energy facilities annually produce as much energy as is consumed on-site.	Incentive	Up to \$10 million
	Industrial Development Bond Cap (IDB CAP)		
Industrial Development Bond Cap (IDB Cap)	Up to \$300 million from the Federal IDB Cap allocation will be available for State and local government issuers to sell tax exempt bonds for private projects that demonstrate a public purpose.	Tax Exempt Bond	Up to \$300 million

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84240	Allegany	Alfred Technology Resources dba IncubatorWorks	Incubator Works - Allegany County	IncubatorWorks (IW) will expand its current services and provide new programming focused on developing an entrepreneurial community encompassing leadership, mentorship, engagement and the creation of new businesses in Allegany County.	ESD BISP	\$625,000
84597	Allegany	Allegany County Soil and Water Conservation District	Town of Granger Salt Storage	The Allegany County Soil and Water Conservation District will construct a permanent salt storage facility for the Town of Granger. Construction of this facility will provide protected storage for the town's currently exposed salt pile, which will prevent possible contamination of groundwater, nearby streams, and private and public wells.	DEC WQIP Salt	\$78,984
84872	Allegany	Ninos Tile, LLC	3 North Main	Ninos Tile LLC will develop a vacant lot at 3 North Main Street and transform it into a five-floor, multi-use facility, which will include first floor retail/commercial space and 18 to 24 market rate housing rental units.	ESD Grants	\$700,000
84458	Allegany	The Nature Conservancy	Moss Lake Preserve Planning Initiative	The Nature Conservancy will develop construction planning documents for trail upgrades at the Moss Lake Preserve in Caneadea to meet US Forest Service Trail Accessibility Guidelines and create design plans for new signage. Upgrades to the preserve include repair of unsafe trail infrastructure, improvements to parking area, and regrading trail that connects parking area to boardwalk.	OPRHP PKS P	\$20,100
82188	Allegany	Town of Caneadea	Town of Caneadea Wastewater Treatment Plant Disinfection Study	The Town of Caneadea will complete an engineering report to evaluate the most efficient, cost-effective solution to disinfect their wastewater treatment plant effluent.	DEC EPG	\$30,000
84807	Allegany	Town of Friendship	Town of Friendship Influent Wastewater Screening Study	The Town of Friendship will complete an engineering report to evaluate screening equipment, and develop design alternatives, cost estimates and recommendations for installation of an effluent wastewater mechanical screening facility for the wastewater treatment plant.	DEC EPG	\$8,200
83259	Allegany	Village of Bolivar	Village of Bolivar Infiltration and Inflow Study	The Village of Bolivar will complete an engineering report to evaluate the existing sanitary sewer collection system and identify improvements that can be made to eliminate existing sources of infiltration and inflow.	DEC EPG	\$30,000
83106	Allegany	Village of Bolivar	Village of Bolivar Wastewater Treatment Plant Disinfection	The Village of Bolivar will install an ultraviolet disinfection system at its wastewater treatment facility. The outcome of this project will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$476,025
82967	Allegany	Village of Cuba	Village of Cuba Main Street Revitalization Project	The Village will assist in the renovation of mixed-use properties in the Village's downtown.	HCR NYMS	\$456,750

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
80987	Allegany	Village of Wellsville	Village of Wellsville Wastewater Treatment Plant Improvements	The Village of Wellsville will install an ultraviolet disinfection system at their wastewater treatment plant located on the west side of the Genesee River. The outcome will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$540,000
82400	Allegany, Cattaraugus, Chautauqua, Erie, Niagara	Young Audiences of Western New York	Workforce Training and Development Programs	Young Audiences will hire student apprentices to work with a Master Teaching Artist and flex their creative muscles and learn essential career skills while producing works of art. Youth will define futures through the creative arts, learning the diverse skills required for the evolving workplace.	Arts WRP	\$75,000
80114	Cattaraugus	Cattaraugus County	Cattaraugus County & Town of Ashford Joint Salt/Sand Storage	Cattaraugus County and the Town of Ashford will work together to construct a salt/sand storage facility to be used by both municipalities, allowing both to consolidate their salt piles into one. The facility will prevent contamination of nearby drinking water wells and Buttermilk Creek.	DEC WQIP Salt	\$200,000
83975	Cattaraugus	City of Olean	City of Olean Allegheny River Wastewater Syphon Study	The City of Olean will complete an engineering report to evaluate replacement of the Allegheny River Syphon, which conveys all sewage from South Olean to the Dyke Sewer that flows directly to the wastewater treatment plant, and is an integral part of the collection system.	DEC EPG	\$30,000
84238	Cattaraugus	Town of Ashford	Route 219 Welcome Center/Truck Stop Market Analysis	The Town of Ashford will complete a market analysis to build a Welcome Center/Truck Stop at the intersection of Route 219 and Eddies Road to provide a diesel fueling station, retail center, eco-tourism hub, restaurant, and lodging accommodations. This location will be designed to be a Tourist Attraction and Center for the Town with sled in/out and fueling station for snowmobiles and retail space for locally sourced goods and a Farmers Market.	ESD SPFS	\$12,500
82303	Cattaraugus	Town of Ashford	Town of Ashford Wastewater Collection System Study	The Town of Ashford will complete an engineering report to develop alternatives for a public sewer collection system in certain densely populated areas of the town. The report will also evaluate alternatives for wastewater treatment, such as routing flows.	DEC EPG	\$30,000
83388	Cattaraugus	Town of Great Valley	Town of Great Valley Wastewater Engineering Planning Grant	Funds will be used to complete a preliminary engineering study of its drinking water and storm water Infrastructure.	HCR CDBGCP	\$50,000
83388	Cattaraugus	Town of Great Valley	Town of Great Valley Wastewater Study	The Town of Great Valley will complete an engineering report to determine the best method to eliminate failed septic systems in the Hamlet of Kill Buck, including evaluating alternatives for treatment and disposal and determining if there is available capacity in the City of Salamanca's system.	DEC EPG	\$30,000
79948	Cattaraugus	Town of Mansfield	Town of Mansfield Salt Storage	The Town of Mansfield will build a new salt storage shed for the existing pile, which currently has no drainage controls and sits 20 feet from a drainage ditch emptying into nearby Mansfield Creek. The new storage shed will protect the creek, two nearby private wells, and a well serving the Highway Department from salt runoff.	DEC WQIP Salt	\$196,607
80790	Cattaraugus	Town of Olean	Town of Olean Sewer Line Construction	Funds will be used to construct a sewer collection system to replace aged and failing private septic systems.	HCR CDBGPIPF	\$250,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83332	Cattaraugus	Village of Franklinville	Village of Franklinville Drinking Water Infrastructure Preliminary Engineering Study	Funds will be used to complete a preliminary engineering report of its drinking water infrastructure.	HCR CDBGCP	\$50,000
82804	Chautauqua	AgriAmerica Fruit Products, LLC	AgriAmerica Grape Juice Factory Revitalization Project	AgriAmerica Fruit Products will purchase grape juice factory machinery to use in manufacturing and storage of different strength juices made from locally grown grapes for distribution to multiple markets. This project will revitalize a former grape juice factory in Chautauqua County, the largest grape-producing county in New York and part of the oldest Concord grape-growing region in the world, resulting in job growth in the fruit farming, distribution, construction, and retail sectors.	ESD Grants	\$498,600
79986	Chautauqua	Chautauqua County	Chautauqua County Kayak Launches	Chautauqua County, in partnership with the City of Dunkirk, Village of Silver Creek, Towns of Hanover and Westfield and Chautauqua Watershed Conservancy, will install five ADA accessible kayak launches. This project will advance implementation of Local Waterfront Revitalization Program goals by increasing water-dependent recreation and public access to Chautauqua Lake and Lake Erie.	DOS LWRP	\$73,155
82650	Chautauqua	Chautauqua County	Chautauqua Lake Mechanized Floating Vegetation Collection	Chautauqua County will purchase two skimmers to collect and remove floating vegetation and surface debris from Chautauqua Lake. The project will reduce the amount of floating vegetation, improving conditions in the lake and potentially reducing the growth of harmful algal blooms.	DEC WQIP NPS	\$375,000
83252	Chautauqua	Chautauqua County	Chautauqua Shores Infiltration and Inflow Study	Chautauqua County will complete an engineering report to identify and reduce sources of infiltration and inflow within the North Chautauqua Lake Sewer District service area.	DEC EPG	\$30,000
80911	Chautauqua	Chautauqua County Soil and Water Conservation District	Chautauqua Lake Watershed Road Ditch Stabilization	The Chautauqua County Soil and Water Conservation District will stabilize roadside ditches in the Chautauqua Lake watershed. The project will improve water quality by reducing sediment and nutrients entering Chautauqua Lake, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$162,000
80806	Chautauqua	Chautauqua Watershed Conservancy, Inc.	Cassadaga Lakes Nature Park Acquisition	The Chautauqua Watershed Conservancy, Inc. will acquire property on Cassadaga Lake to establish the Upper Cassadaga Lake Nature Park. The proposed park will provide year-round recreational opportunities on property that includes wetlands, lake shoreline, shoreline on a glacial kettle pond, and upland forest.	OPRHP PKS A	\$90,849
81787	Chautauqua	City of Jamestown	Acquire Riverfront Development Property	The City of Jamestown will develop recreational amenities on the South Bank of the Chadakoin River along with development of mixed uses including housing, entertainment uses, water-front restaurants and open spaces and serve as a catalyst for economic development within the river corridor.	ESD Grants	\$100,000
81153	Chautauqua	Dunkirk Local Development Corporation	Dunkirk Great Lakes Grand Prix Boat Races	The Dunkirk Offshore Grand Prix is a new-to-New York State, internationally televised powerboat race that will bring excitement to the City of Dunkirk on the beautiful shores of Lake Erie. The event will feature racing, live music, food, and more, attracting tens of thousands of visitors to the region and highlighting all of the great things that Western New York has to offer.	ESD MNY	\$225,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83025	Chautauqua	Infinity Visual and Performing Arts, Inc.	Workforce Expansion	Infinity Visual and Performing Arts, Inc. will hire a development coordinator to implement and oversee the organization's annual development strategy to achieve organizational financial goals.	Arts WIP	\$25,000
83127	Chautauqua	Northern Chautauqua Local Economic Development Initiative	White Inn	Renovations will be made to the shuttered historic White Inn in the heart of downtown Fredonia and reopen as a boutique hotel, restaurant and banquet facility.	ESD Grants	\$220,000
83085	Chautauqua	St. Luke's Episcopal Church	St. Luke's Episcopal Church Bell Tower and Front Porch Stabilization	St. Luke's Church of Jamestown will complete a stabilization and restoration of two focal elements of its 1894 building, the 95 foot bell tower (containing a full octave carillon) and the gabled front porch and staircase on Main Street. The completed restoration will preserve a cultural institution open to the community, with a fully water and weatherproof building that removes the potential life safety hazards of key features at the façade of the building.	OPRHP HP D	\$500,000
83281	Chautauqua	SUNY Fredonia SUNY RF	Fredonia Technology Incubator	The Fredonia Technology Incubator will provide new and enhanced services and programs for startups in the music, multimedia innovation (gaming and VR) and the food industries.	ESD BISP	\$625,000
82655	Chautauqua	Town of Busti	Village of Lakewood and Town of Busti Precision Swale Stormwater Retrofits	The Town of Busti will construct swale retrofits, including 2,100 linear feet of steep gradient swale riffle pool sequences and 2,500 linear feet of shallow swales with enhanced vegetated filter strips. This project will improve drainage throughout the town and village and reduce the amount of sediment entering Chautauqua Lake, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$202,478
82971	Chautauqua	Town of Sheridan	Sheridan Bay Park Improvements	The Town of Sheridan will design and construct improvements to Sheridan Bay Park, on the Lake Erie Waterfront. The improvements will consist of the completion of drainage on the northern and eastern sides for the park, construction of park amenities, including a pavilion and ADA accessibility upgrades to the bathhouse for users with impaired physical mobility, and bathhouse renovation. This project supports the Town's Local Waterfront Revitalization Program under development.	DOS LWRP	\$90,750
82844	Chautauqua	Town of Westfield	Welchs Building Redevelopment	The Town of Westfield will transform the former Welch's Building in Westfield into a multi-use structure with commercial, retail and residential units aligns with the region's smart growth principles.	ESD Grants	\$1,000,000
83879	Chautauqua	Village of Fredonia	Fredonia/Dunkirk Regional Biosolids System Study	The Village of Fredonia and City of Dunkirk will develop options for a consolidated regional biosolids system at a centralized receiving station. Biosolids from the City of Dunkirk and other county sources will be evaluated for the potential to generate biogas to power a microturbine at the Fredonia Wastewater Treatment Plant.	DOS LGE P	\$23,875
82186	Chautauqua	Village of Lakewood	Chautauqua Avenue Green Street Retrofit Project	The Village of Lakewood will use GIGP funds to transform Chautauqua Avenue into a green street. The installation of porous pavers and stormwater street trees will help revitalize the village center while reducing stormwater runoff to Chautauqua Lake.	EFC GIGP	\$695,000
82401	Chautauqua	Village of Lakewood	Lakewood NYMS Renovation Project	The Village will assist in the renovation of mixed-use properties in the Village's Chautauqua Avenue Business District.	HCR NYMS	\$340,492

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82727	Chautauqua	Village of Lakewood	Lowe Park Green Infrastructure Improvements	The Village of Lakewood will design and construct green stormwater infrastructure improvements at Lowe Park, implementing the Chautauqua Lake Local Waterfront Revitalization Program and Watershed Management Plan. The project will reduce nutrient inputs entering Chautauqua Lake which contribute to excessive aquatic vegetation growth and threaten its recreational use. Park improvements will also include a pavilion, bike shelter, pedestrian bridge, interpretive panels, plantings and rain gardens.	DOS LWRP	\$255,951
81422	Chautauqua	Village of Sherman	Climate Smart Comprehensive Plan	The Village of Sherman will complete a Climate Smart Comprehensive Plan. The plan will incorporate policies and actions the village can undertake to mitigate the effects of extreme weather events, reduce greenhouse gas emissions, revitalize its business corridor, protect wastewater and stormwater infrastructure, and maintain its connection to nature, while stimulating sustainable economic development and improving quality of life for village residents.	DEC CSC C	\$18,000
81419	Chautauqua	Village of Sherman	Village of Sherman Drinking Water and Stormwater Infrastructure Preliminary Engineering Report	Funds will be used to complete a preliminary engineering report of its drinking water and storm water infrastructure.	HCR CDBGCP	\$50,000
83958	Erie	Albright-Knox Art Gallery	AK360 Campus Development and Expansion Project	AK360 will renovate two historic buildings and construct 30,000 square feet of new exhibition space with modern visitor amenities, and seamless integration with the surrounding Olmsted Park. This grant will address the safety and comfort of all visitors through major ADA renovations across campus.	Arts ACFIP	\$720,000
83109	Erie	Alleyway Theatre, Inc.	Workforce Expansion	Alleyway Theatre will hire an Associate Artistic Director as part of a succession plan for the current Executive Director and Founder.	Arts WIP	\$25,000
82194	Erie	Buffalo & Erie County Public Library	Erie Canal Community Programming by the Buffalo Erie County Public Library	The Buffalo & Erie County Public Library will present Celebrating the Erie Canal, a variety of free, public, family friendly programs featuring local artists and performers through music, storytelling, and hands-on activities presented at area libraries and on Buffalo's waterfront.	Arts ACIP	\$25,000
81750	Erie	Buffalo & Erie County Workforce Development Consortium Inc	Assembling Your Future - Certified Production Technician Training 2018	Buffalo & Erie County Workforce Development Consortium Inc will train individuals to become Certified Production Technicians.	DOL UWT	\$94,200
83380	Erie	Buffalo and Erie County Botanical Gardens	Botanical Gardens Facilities Project	Several outdated buildings will be demolished to provide space for the addition and will include a butterfly conservatory, educational classrooms, expanded grow houses, event space, a variety of unique exhibits, a café, and expanded visitor and admissions areas.	ESD Grants	\$1,000,000
83380	Erie	Buffalo and Erie County Botanical Gardens	Botanical Gardens Facilities Project	The Buffalo and Erie County Botanical Gardens Society, Inc. is a premier cultural destination in Buffalo's South Park, engaging visitors with a unique plant collection, educational programs, and stunning landscape and architecture. The Botanical Gardens plans to grow its offerings in a newly constructed facility designed to complement the existing Lord & Burnham-designed Conservatory.	ESD MNY	\$500,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
81523	Erie	Buffalo and Erie County Industrial Land Development Corporation	Net Zero Energy Commercial and Manufacturing Facility	The Industrial Land Development Corporation will build a flex-manufacturing and commercial office space facility, located on a former Brownfield site. The new facility has been designed to achieve Net Zero Energy performance through construction and installation of technologies including geothermal, solar and wind energy. The facility is located in a designated Opportunity Zone census tract, and in a community that has submitted a Downtown Revitalization Initiative proposal.	NYSERDA NZEED	\$1,750,000
84245	Erie	Buffalo Maritime Center	Building Replica of Dewitt Clintons 1825 Erie Canal Packet Boat	This project seeks to create a historically accurate replica of the Seneca Chief, the packet boat that led the flotilla for the 1825 official opening of the Erie Canal. The boat will be built at the Inner Harbor in Buffalo in full public view. The Buffalo Maritime Center will use the project to develop programming with canal heritage partners to identify their Erie Canal history. It will culminate with a reenactment of Governor DeWitt Clinton's voyage on the Seneca Chief from Buffalo to New York City.	Canals	\$150,000
84245	Erie	Buffalo Maritime Center	Building Replica of Dewitt Clinton's 1825 Erie Canal Packet Boat	Buffalo Maritime Center is awarded funding to construct an historically accurate replica of DeWitt Clinton's Erie Canal packet boat, which led the flotilla from Buffalo to NYC for the official opening of the Canal in 1825. The boat will be constructed in full public view, year round on Canalside.	Arts ACIP	\$49,500
81282	Erie	Buffalo Media Resources	Workforce Expansion	To increase its economic capacity and better serve the Western New York region, Squeaky Wheel Film & Media Art Center will hire a Fund Development Coordinator to implement new fundraising strategies, develop donor stewardship, and build a philanthropic culture around its unique mission.	Arts WIP	\$25,000
82879	Erie	Buffalo Niagara Freedom Station Coalition, Inc.	Michigan Street Baptist Church Stabilization	The Buffalo Niagara Freedom Station Coalition will address urgent structural deficiencies and crucial systems upgrades of the Historic Michigan Street Baptist Church.	OPRHP HAS D	\$375,000
83816	Erie	Buffalo Niagara Waterkeeper	Niagara River Source Water Protection Land Acquisition for Source Water Protection Program	Buffalo Niagara Waterkeeper will develop a drinking water protection program for the Niagara River Watershed that focuses on the Eighteenmile Creek sub-basin. The program will acquire up to 500 acres of land to protect ground and surface waterbodies that contribute to a drinking water supply. The project will prevent future development and nutrient runoff that can negatively impact the water supply.	DEC WQIP SWP	\$587,310
83276	Erie	Buffalo Philharmonic Orchestra Society, Inc.	Buffalo Philharmonic Orchestra at the Buffalo Central Terminal	The Buffalo Philharmonic Orchestra will host a festival at Buffalo's Central Terminal to celebrate its 90th anniversary and showcase its renovations. East Side neighborhood businesses and arts & cultural organizations will partner together to show how a neglected building can be re-purposed and used to spur economic revitalization.	Arts ACIP	\$45,000
82343	Erie	Buffalo Place, Inc.	Buffalo Place NYMS Program	Buffalo Place Inc. will assist in the renovation of mixed-use properties in Buffalo's downtown area.	HCR NYMS	\$500,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
80099	Erie	Buffalo Sewer Authority	Buffalo Sewer Authority Hertel Avenue Combined Sewer Overflow Improvements	The Buffalo Sewer Authority will install a system of mechanical gates and weirs, along with computer controls, to create an in-line storage facility to store combined stormwater and sanitary sewer overflows. This project will reduce the amount of nutrients flowing into Niagara River during storm events and improve water quality.	DEC WQIP WWT	\$2,850,000
80204	Erie	Buffalo String Works	Workforce Expansion	Buffalo String Works will expand a currently volunteer Executive Director position into a full-time, compensated role with the capacity to continuously strategize for BSW's operational, programmatic, financial, Board, and organizational advancement.	Arts WIP	\$38,280
80137	Erie	Burchfield Penney Art Center	Suffragettes Project	The Burchfield Penney Art Center presents a year-long series of new work by artist Caitlin Cass commemorating the women's suffrage movement in New York. Her award-winning art is exhibited and collected nationally and internationally, and purchased by prestigious publications such as The New Yorker.	Arts ACIP	\$42,000
80637	Erie	City of Lackawanna	Veterans Stadium Rehabilitation Project	The City of Lackawanna will expand on the current Veteran's Stadium to provide year-round recreational opportunities. The park upgrades will include the construction of a year-round synthetic ice rink, new pavilion, and multi-use trail with five pieces of fitness equipment to be installed along the paved path.	OPRHP PKS D	\$465,445
83892	Erie	Daemen College	Nursing Workforce Training	Daemen College will provide training to individuals seeking employment as registered nurses.	DOL UWT	\$89,070
80678	Erie	Elizabeth Pierce Olmsted, M.D. Center for the Visually Impaired	Statler Center Hospitality Training and Job Placement Program	Elizabeth Pierce Olmsted, M.D. Center for the Visually Impaired will provide training courses in hospitality/tourism.	DOL UWT	\$93,375
81190	Erie	Erie 1 BOCES	Equipment for New Collaborative Workforce Development	Erie 1 BOCES will provide job training in high-demand areas such as advanced manufacturing and healthcare to expand the supply of human capital, build sustainable career paths and fuel emerging industries.	ESD Grants	\$105,818
81852	Erie	Erie County	Climate Smart Communities Certification Actions	Erie County will complete the following Climate Smart Community certification actions: community climate action plan, bicycle master plan, fleet inventory, and update/adopt policy's regarding fleet efficiency, complete streets, and construction waste. Each action will help to reduce the county's greenhouse gas emissions.	DEC CSC C	\$79,968
82843	Erie	Erie County	Countywide Household Hazardous Waste Implementation	Erie County will create a regional household hazardous waste management program through site construction and repurposing of existing structures for the collection and storage of household hazardous waste for county residents. Funding will support program development including technical costs, public outreach, training, and securing a licensed waste disposal contractor. This option was identified in a study originally funded by a NYDOS LGE planning grant.	DOS LGE	\$1,000,000
83026	Erie	Erie Land Development LLC	Dunkirk Wingate Hotel & Recreation Center	The Dunkirk Wingate and Recreation Center Project will feature a new eighty-three room, nationally branded hotel, restaurant, distillery, beer garden, swimming pool, and outdoor recreation center both facilitating existing tourist experiences and attracting new tourists to Chautauqua County.	ESD MNY	\$500,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83977	Erie	Explore & More...A Children's Museum	Explore & More Children's Museum	Explore & More - Ralph C. Wilson, Jr. Children's Museum will present daily interactive Erie Canal educational programming to enhance learning opportunities associated with its Moving Water Play Zone.	Arts ACIP	\$30,000
83171	Erie	Hauptman-Woodward Medical Research Institute	Center for Therapeutic Interactions	The Center will accelerate drug discovery and treatment of disease by offering a comprehensive set of capabilities centered around Cryo-Electron Microscopy technology (Cryo-EM).	ESD Grants	\$1,200,000
81545	Erie	Journey's End Refugee Services	Refugee Manufacturing Training and Employment Program	Journey's End Refugee Services will provide provide manufacturing-based ESL courses and part-time employment for on-the-job training.	DOL UWT	\$100,000
82470	Erie	Kaleida Health	HIMCDI Training and Certification Program	Kaleida Health will provide occupational skills training and industry-wide certifications to existing employees of their Health Information Department.	DOL EET	\$70,754

82195	Erie	Town of Amherst	Sattler Dellwood Park Stormwater Project	The Town of Amherst will use GIGP funds to construct a bioretention area, porous roller hockey rink, and a porous parking lot to attenuate flooding in Sattler Dellwood Park.	EFC GIGP	\$720,000
82916	Erie	Town of Amherst	Town of Amherst Local Waterfront Revitalization Program	The Town of Amherst will prepare a Local Waterfront Revitalization Program (LWRP) for their waterfront along Ellicott and Tonawanda Creeks. The LWRP will identify local conditions, establish policies and propose projects to address public waterfront access and recreation, water quality, habitat protection, flooding and erosion, public investment and economic revitalization.	DOS LWRP	\$75,000
82195	Erie	Town of Amherst	Town of Amherst Sattler Dellwood Park Green Infrastructure Stormwater Improvements	The Town of Amherst will use green infrastructure practices to recharge, filter and reduce the amount of stormwater in the streets and residential areas near Sattler Dellwood Park. The project will reduce the volume and improve the quality of stormwater conveyed to Ellicott Creek, reduce localized flooding and abate sanitary sewer infiltration and inflow problems.	DEC WQIP NPS	\$63,000
82088	Erie	Town of Cheektowaga	Town of Cheektowaga Sewer Shed #8 Sanitary Sewer Overflow Improvements	The Town of Cheektowaga will line approximately 124,000 linear feet of sanitary sewer mainline pipe and make sewer repairs where necessary to correct inflow and infiltration of its combined sewer system. This project will reduce the amount of nutrients flowing directly to nearby waterways, improving water quality.	DEC WQIP WWT	\$5,000,000
81263	Erie	Town of Eden	Bley Street Mill Park Study	The Town of Eden will develop a feasibility study for the preservation and adaptive reuse of Croop's Mill on Bley Street along Eighteen Mile Creek. The study aims to identify necessary measures to stabilize the structures, capitalize on its heritage, develop means for access to the Creek, expand economic opportunities through recreation and tourism, and provide an educational connection to agriculture.	OPRHP PKS P	\$20,000
80105	Erie	Town of Eden	Cultivate Eden: A Commercial Center Revitalization Project	The Town will assist in the renovation of mixed-use properties in the Town's Four Corners commercial district.	HCR NYMS	\$300,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82129	Erie	Town of Evans	Sturgeon Point Marina Repairs	The Town of Evans will implement its Local Waterfront Revitalization Program by designing and constructing repairs to the western breakwater which protects the Sturgeon Point Marina. The walkway atop the breakwall will also be repaired to reestablish safe public access. This project will guarantee the safe operation of this popular recreational resource, which provides boat dockage and public access to the waters and fisheries in Lake Erie and opens the door for future marina expansion.	DOS LWRP	\$1,161,225
83531	Erie	Town of Hamburg	Town of Hamburg Marina Feasibility Study	The Town of Hamburg will develop a feasibility study for revitalization of its existing boat launch at Town Park and surrounding areas. This project will advance the Town's Local Waterfront Revitalization Program goal of improving recreational boating amenities along Lake Erie. Study components will include: evaluation of sedimentation, review of existing and historical shoreline, coastal modeling, marina feasibility, conceptual designs, market study, and environmental impact assessment.	DOS LWRP	\$85,000
83491	Erie	Town of Tonawanda	Town of Tonawanda Sewer Improvement	The Town of Tonawanda will line 33,110 linear feet of sanitary sewers and replace 3,740 linear feet of sewer main, 5,080 linear feet of lateral, and 19 manholes. The project will reduce infiltration of the sewer system, abate sewer overflows and backups, and improve water quality in Ellicott Creek and the Niagara River.	DEC WQIP WWT	\$5,000,000
84082	Erie	Town of West Seneca	Town of West Seneca Sanitary Sewer Overflow Improvements Phase 5 & 6	The Town of West Seneca will implement Phase 5 of their project to prevent inflow and infiltration to their wastewater collection system. They will make repairs and improvements including new pipe lining, mainline grouting and manhole rehabilitation. The project will reduce phosphorus and nutrients entering Cazenovia Creek.	DEC WQIP WWT	\$1,383,893
83413	Erie	Transport National Development, Inc.	PLC Communication and Lean Six Sigma Trainings	Transport National Development, Inc. will provide training in PLC communication and LEAN Six Sigma.	DOL EET	\$18,091
84000	Erie	Trocaire College	Career Bound Program	Trocaire College will provide training in Phlebotomy and Sterile Processing and Distribution.	DOL UWT	\$99,936
82718	Erie	University District Community Development Association, Inc.	Main Street TA 2018	University District Community Development Association, Inc. will use funds to create design guidelines and identify building rehab design concepts for mixed-use buildings in Buffalo's University Heights neighborhood.	HCR NYMS	\$20,000
83680	Erie	Village of Akron	Village of Akron Wastewater Treatment Plant Disinfection	The Village of Akron will install an ultraviolet disinfection system at its wastewater treatment facility. The outcome of this project will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$450,945
82540	Erie	Village of Depew	Village of Depew Sanitary Sewer Improvements Phase 5 Study	The Village of Depew will complete an engineering report to continue its sanitary sewer abatement program. The phase 5 sanitary sewer evaluation study project involves the investigation of Sewershed Number 4.	DEC EPG	\$100,000
82691	Erie	Village of Lancaster	Downtown Lancaster Revitalization Plan	The Village will use funds to create feasibility studies and schematic building plans for key building in the Village's downtown area.	HCR NYMS	\$20,000

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
81914	Erie	Village of Lancaster	Village of Lancaster Sanitary Sewer Overflow Improvements	The Village of Lancaster will complete Phase I of its program to repair the sanitary sewer system in their village, reducing inflow and infiltration by making manhole repairs and completing sewer slip lining and replacement. This project will reduce the amount of nutrients entering Cayuga Creek and improve water quality in the Niagara River watershed.	DEC WQIP WWT	\$1,248,150
82848	Erie	Village of North Collins	Downtown North Collins Revitalization	The Village will use funds to create design concepts for mixed-use properties in the Village's downtown area.	HCR NYMS	\$20,000
82118	Erie	Village of Sloan	Village of Sloan Sanitary Sewer Overflow Improvements	The Village of Sloan will rehabilitate manholes and replace sewer pipe to address inflow and infiltration of the town's sewer system. This project will improve the water quality of the Buffalo River.	DEC WQIP WWT	\$4,356,622
82577	Erie	Visit Buffalo Niagara	Buffalo Wing Trail Marketing Initiative	Visit Buffalo Niagara's Buffalo Wing Trail is a guide to twelve of the most iconic bars, taverns and pubs around Buffalo serving the city's culinary creation. The Buffalo Wing Trail Marketing Initiative will enable this area to implement an integrated marketing campaign to raise the awareness of Buffalo and Western NY's to foodie travelers.	ESD MNY	\$50,000
84461	Erie	Western New York Book Arts Collaborative Inc.	Canal Connections	Western New York Book Arts Collaborative Inc. will produce Canal Connections, a unique Erie Canal Bicentennial Celebration utilizing cross-sector collaboration to empower underserved urban youth as it provides opportunities for them to explore the Canal's impact on Buffalo's history and prosperity through the creation of multi-disciplinary works of art.	Arts ACIP	\$28,750
80842	Erie	Western New York Land Conservancy, Inc.	DL&W Linear Park and Multi-Use Trail Design	The Western New York Land Conservancy, Inc. will complete the third phase of the DL&W Linear Park and Trail project, concept and schematic designs. The goal of this project is to transform an abandoned rail corridor into a linear park and multi-use trail, while accommodating potential light-rail expansion. The corridor connects downtown Buffalo at Canalside to the Buffalo River while travelling through the Old First Ward.	OPRHP PKS P	\$369,000
84748	Erie	Western New York Land Conservancy, Inc.	Mossy Point Forest Land Acquisition for Source Water Protection Project	Western New York Land Conservancy will acquire a 222-acre parcel in the Town of Wales. Protecting this land is of high importance due to its potential for development which would increase the amount of silt and sedimentation entering Hunters Creek.	DEC WQIP SWP	\$655,969
84714	Erie	Westminster Economic Development Initiative, Inc.	West Side Bazaar Expansion	Westminster Economic Development Initiative, Inc. will renovate a vacant building just a few blocks away from the Bazaar's current location and transform it into an expanded business incubator.	ESD Grants	\$539,187
84168	Niagara	Aquarium of Niagara	Explorers Reef Touch Pools	Aquarium of Niagara will construct three new interactive touch pools at its main entrance where guests will begin their immersive experience by dipping their hands into tropical pools to discover the unique texture and movement of stingrays, sharks and marine invertebrates.	ESD Grants	\$273,000
81892	Niagara	Carousel Society of the Niagara Frontier	Allan Herschell Complex Storage Building	The Carousel Society of the Niagara Frontier will construct a new building on the site of the 1920's Storage Building in order to exhibit band organ artifacts. Foundation repairs will also be made to the Children's Gallery.	OPRHP HAS D	\$89,743

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82923	Niagara	City of Niagara Falls	City of Niagara Falls Local Waterfront Revitalization Program	The City of Niagara Falls will prepare a Local Waterfront Revitalization Program (LWRP) for its Niagara River waterfront. The LWRP will guide appropriate waterfront development and focus on strengthening tourism, economic development as well as protection of natural resources and cultural assets. To advance the City's waterfront vision, preliminary designs for recommended revitalization projects will be developed to enable prompt implementation.	DOS LWRP	\$493,000
84539	Niagara	City Of Niagara Falls	St. Mary's Block Stabilization	The City of Niagara Falls will make streetscaping improvements/blight removal on 6th & 7th Streets between Walnut Ave. & Niagara St. to support the development of the former St. Mary's Hospital at 515-6th Street.	ESD Grants	\$2,233,395
81673	Niagara	Lockport Locks Heritage District Corporation	Lock Tender Tribute	The project seeks to honor an iconic 19th-century photograph of lock tenders on the steps of the old Flight of Five locks in Lockport, by creating 14 life-sized bronze sculptures of those same lock tenders. They will be placed on the steps of the Flight of Five, which is undergoing restoration and rehabilitation efforts in the city.	Canals	\$125,000
83574	Niagara	Niagara Tourism and Convention Corporation	From Rivers to Rainbows - WorldPride 2019	Destination Niagara USA and Dutchess Tourism have entered into a partnership with New York City, who is hosting WorldPride June 2019. Grant funds will be used to support a marketing plan with the goal to leverage the momentum of the expected 3 million visitors to the event, inspiring them to explore more of New York State including Dutchess and Niagara counties.	ESD MNY	\$100,200
83172	Niagara	Town of Lewiston	Artpark Feasibility Study	Artpark has embarked on a journey to create a new Master Plan and significantly improve its facilities and broaden market appeal to ensure future viability and will serve as the design of physical layout at the largest scale for Artpark's forthcoming development, including a plan for its timing and phasing. .	ESD SPFS	\$100,000
83035	Niagara	Town of Royalton	Town of Royalton Gasport Sewer District 1 Wastewater Treatment Plant Disinfection Study	The Town of Royalton will complete an engineering report to evaluate site specific technical options for providing disinfection at the wastewater treatment plant.	DEC EPG	\$20,000
80944	Niagara	Town of Somerset	Waterfront Park Feasibility Study and Master Plan	The Town of Somerset will investigate the feasibility of utilizing a brownfield site along Lake Ontario as a public park. The Study will assess site constraints and opportunities, evaluate potential environmental issues and result in Master Plan for park development. The project will advance the Town's Local Waterfront Revitalization Program goals of creating new public waterfront access and providing recreational opportunities for visitors and residents.	DOS LWRP	\$36,450
83686	Niagara	Village of Middleport	Village of Middleport Wastewater Treatment Plant Disinfection Study	The Village of Middleport will complete an engineering report to determine the most cost effective method of adding disinfection to the wastewater treatment plant's effluent.	DEC EPG	\$19,800

Western New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84392	Niagara	Village of Wilson	Village of Wilson Infiltration and Inflow Study	The Village of Wilson will complete an engineering report to install and evaluate flow monitoring in areas of the sanitary sewer collection system to compare flows to pipe capacities, and develop proposed improvements to eliminate excessive infiltration and inflow.	DEC EPG	\$30,000
83271	Niagara	YWCA of the Niagara Frontier, Inc.	Culinary Career Pathways Training	The YWCA of the Niagara Frontier, Inc. will provide culinary training for individuals seeking employment in the emerging tourist industries and service sectors.	DOL UWT	\$75,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	\$5,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$10,000,000
		NYSERDA Energy Efficiency Projects	11 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

KC Bailey Orchards will also utilize state of the art plastic storage bins to minimize fruit damage and enhance food safety protection at their Williamson, NY farm.	ESD Grants	\$192,000
80003	Wayne	Mason Farms Operating Co., LLC	Processing & Packing Facility Expansion	Mason Farms Operating Co., LLC will construct a sweet corn processing facility and fruit and produce processing and packaging facility in the Town of Williamson.	ESD Grants	\$900,000
80003	Wayne	Mason Farms Operating Co., LLC	Processing & Packing Facility Expansion	Mason Farms Operating Co., LLC will construct a sweet corn processing facility and fruit and produce processing and packaging facility in the Town of Williamson.	ESD EJP	\$1,000,000
83022	Wayne	Town of Lyons	Town of Lyons Wastewater Treatment Plant Disinfection Study	The Town of Lyons will complete an engineering report to evaluate disinfection treatment alternatives for the wastewater treatment plant.	DEC EPG	\$30,000
82308	Wayne	Town of Macedon	Town of Macedon MS4 Mapping	The Town of Macedon will create a GIS-based comprehensive map of its Municipal Separate Storm Sewer System (MS4). The project will include field work to gather data, which will be analyzed to help manage stormwater infrastructure and track when features were last inspected, replaced or repaired.	DEC WQIP MS4	\$45,000
83590	Wayne	Town of Sodus	Town of Sodus Salt Storage	The Town of Sodus will construct an enclosed salt storage facility on Rotterdam Road. The facility will allow the town to prevent runoff from entering the adjacent wetland and drainage ditches leading to an unnamed tributary to Lake Ontario, as well as protect groundwater wells in the area.	DEC WQIP Salt	\$360,101
83461	Wayne	Village of Newark	Village Trail Connector	The village of Newark will improve about 1.6 miles of Erie Canalway Trail that is currently too narrow, unpaved, lacks wayfinding signage and is susceptible to erosion. The trail will be widened to meet national design standards and be outfitted with lighting between the Edgett Road Bridge to the Port of Newark and downtown business district. Safety barriers will be installed along with new benches and bike racks. Measures will also be taken for slope and erosion control protection.	Canals	\$150,000
80014	Wayne	Village of Sodus Point	Village of Sodus Point Local Waterfront Revitalization Program Amendment	The Village of Sodus Point will complete an amendment to its 2012 Local Waterfront Revitalization Program. The amendment will be developed through a community based planning process and will identify methods to address physical and economic risks and vulnerabilities associated with severe weather events. Zoning and other local land use regulations will also be updated to increase community resiliency and reduce flood and erosion impacts on residents and businesses.	DOS LWRP	\$82,500
83460	Wayne	Wayne County Industrial Development Agency	Brownfield Inventory and Strategic Plan	Wayne County Industrial Development Agency will conduct a brownfields inventory analysis and strategic planning process. The result will be a countywide site-list, maps showing clusters of concern and strategies to reduce environmental distress. This project will continue the County's efforts to raise the quality of life and economic vitality of the region.	ESD SPFS	\$20,000

Finger Lakes

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82782	Wayne	Wayne County Water and Sewer Authority	Wayne County Water & Sewer Authority Red Creek Regional Wastewater Treatment Plant Disinfection	The Wayne County Water and Sewer Authority will install an ultraviolet disinfection system at its wastewater treatment plant on Ford Road in Red Creek. The outcome will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$767,250
82813	Wayne	Wayne County Water and Sewer Authority	Wayne County Water & Sewer Authority Wastewater Treatment Plant Consolidation	The Wayne County Water and Sewer Authority will install an ultraviolet disinfection system and make other improvements at the new Village of Palmyra wastewater treatment plant. The outcome will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$1,000,000
82288	Wyoming	Arts Council for Wyoming County	Our Wyoming Farms and Families: Arts and Agritourism	Wyoming County will celebrate agriculture through a series of exhibits, with art work reproduced on outdoor banners, dance, theater, and music performances, and the publication of a book documenting the work.	Arts ACIP	\$45,000
82302	Wyoming	Shake On the Lake	Workforce Expansion	Shake on the Lake will appoint a fulltime, year-round producing artistic director to help this rural professional theater develop in the Finger Lakes region.	Arts WIP	\$35,000
80437	Wyoming	Village of Arcade	Village of Arcade Lower Springs Land Acquisition for Source Water Protection Project	The Village of Arcade has acquired a six-acre parcel within 1,000 feet of the lower springs in the Town of Freedom. This project will help protect a drinking water source from potential contamination.	DEC WQIP SWP	\$6,000
82037	Wyoming	Village of Perry	Perry Beach Improvements Project 2018	The Village of Perry will enhance the existing Perry Public Beach located on Silver Lake by installing docks, a kayak launch, restroom facilities, performance shade, parking lot, and landscaping, among other improvements. The goal is to create an attractive, functional, and accessible public beach for all users.	OPRHP PKS D	\$300,000
83781	Wyoming	Village of Warsaw	Village of Warsaw Wastewater Treatment Plant Disinfection	The Village of Warsaw will install an ultraviolet disinfection system at its wastewater treatment facility. The outcome of this project will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$375,000
83671	Yates	Abtex Corporation	Dresden Manufacturing Modernization	Through the installation of new equipment and process optimization Abtex will be adding several technical positions while looking to offer new products and expand their market share.	ESD Grants	\$100,000
84140	Yates	Keuka Lake Hotel, LLC	Keuka Lake Conference Center at Hampton Inn	Hampton Inn Penn Yan will construct a new 300 seat banquet/conference addition on Keuka Lake. The facility will be improved with a new kitchen, separate lounge/bar area, meeting rooms and a fitness center.	ESD Grants	\$500,000
82337	Yates	Village of Dundee	Village of Dundee Wastewater Treatment Plant and Sewer Improvements and Disinfection	The Village of Dundee will make improvements to its wastewater treatment plant, including installing a sequencing batch reactor system with provisions for biological nutrient removal, including phosphorus. This project will improve the water quality of Big Stream and Seneca Lake and address a possible source of harmful algal blooms.	DEC WQIP WWT	\$268,000
82337	Yates	Village of Dundee	Village of Dundee Wastewater Treatment Plant Upgrades	Funds will be used to upgrade the Village Wastewater Treatment Plant.	HCR CDBGPIPF	\$1,000,000
77981	Yates	Village of Penn Yan	Village of Penn Yan Wastewater Treatment Plant Disinfection Study	The Village of Penn Yan will complete an engineering report to add disinfection to the wastewater treatment plant process. The study will investigate implementing Ultra-violet disinfection and disinfection with chlorine.	DEC EPG	\$5,600

Finger Lakes

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84039	Yates	Yates County	Countywide Water Feasibility Study	Yates County will explore the feasibility of forming a unified water system cooperative of non-community and private water producers into a to consolidated county-wide public water supply system to ease operations and promote economic growth.	DOS LGE P	\$22,500
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	\$8,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$30,000,000
		NYSERDA Energy Efficiency Projects	27 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84622	Broome	Amphenol Corporation	Amphenol Insourcing Project	Amphenol Corporation will reutilize a vacant Amphenol facility in Endwell by locating a machining center, electrical contact competency center, cable and product assembly, and a new contact technology based on RADSOK brand of connectors in order to support customer and market opportunity expansion in the US market and especially in the Greater New York area.	ESD Grants	\$400,000
82080	Broome	Broome County	Broome County River Trails Plan and Intermunicipal Waterfront Public Access Plan	Broome County will update the Four Rivers: An Intermunicipal Waterfront Access Plan to revise and add information related to the boundary, inventory and analysis, policies, projects and programs to meet the requirements of a Local Waterfront Revitalization Program. A River Trails Plan will also be developed including a signage plan and design guide, a services assessment of river recreation support services, a continuous navigability assessment of hazard locations, and a river guide.	DOS LWRP	\$150,000
83578	Broome	Broome County	Broome County Veterans Complex	Broome County will construct a Veterans Complex in the Town of Conklin to serve as a multi-modal campus which will house extensive Veteran facilities and private sector nonprofit Clear Path for Veterans Inc.	ESD Grants	\$620,000
84025	Broome	Broome County	Regional Records Management Facility Study	Broome County will explore the creation of a consolidated regional records storage program. The study will assess existing records management and storage functions in Broome County, the Town of Union, and the City of Binghamton, and recommend the best alternative options for forming a regional facility.	DOS LGE P	\$13,250
83528	Broome	Broome-Delaware-Tioga Board of Cooperative Educational Services	Certified Nurses Assistant Training	Broome-Delaware-Tioga Board of Cooperative Educational Services will provide training for individuals seeking employment as Certified Nurse Assistants.	DOL UWT	\$68,250
71457	Broome	BroomeTioga Workforce NY	Broome County Jail to Jobs	BroomeTioga Workforce NY will provide advanced manufacturing training through it's unique workforce training model, The Opportunity Impact Training Program.	DOL UWT	\$93,900
81251	Broome	Buckingham Manufacturing Company, Inc.	Facility Expansion	The project will include renovation of one of the company's existing facilities to allow for expansion. The company will also purchase new equipment to produce its safety product line.	ESD Grants	\$50,000
83327	Broome	City of Binghamton	Stone Opera House and Strand Theater Historic Structure Reports	Historic Structure Reports will be prepared for the Strand Theater and Stone Opera House, architectural icons in Binghamton's historic commercial Downtown core, to help ensure their survival and revitalization, paving the way for reinvestment and generation of economic activity Downtown.	OPRHP HP P	\$75,000
80390	Broome	Deposit Community Park, Inc.	Deposit Community Park Acquisition and Development	The Deposit Community Park, Inc. will acquire and develop a new community recreation park, including a baseball field, a multi-purpose field, a playground, a picnic pavilion and walking trails.	OPRHP PKS D	\$482,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84863	Broome	LUMA Projection Arts LLC	LUMA NY Waterways Mist Projection	LUMA Projection Arts LLC will develop and promote "LUMA NY Waterways Mist Projection", LUMA Projection Arts Festival's newest feature to hypnotize and inspire the city of Binghamton and increase visitation to the overall Finger Lakes region.	ESD MNY	\$89,000
81667	Broome	Maczko Realty	The Lofts 123 Vegetative Roof Project	Maczko Realty will use GIGP funds to retrofit a mixed use building with a green roof in downtown Binghamton.	EFC GIGP	\$409,000
83397	Broome	Rockwell Collins	Advanced Manufacturing of Clean Energy Systems	Rockwell Collins will design, document, and produce a US version of the Craft Engine 40. This will include manufacturing set up, purchase of equipment, construction of the units, and conducting final assembly and testing.	ESD Grants	\$375,000
83611	Broome	Town of Chenango	Town of Chenango Wastewater Treatment Plant Improvements	The Town of Chenango will upgrade its Northgate wastewater treatment plant to enhance nutrient removal as the region moves to replace the failing Pennview wastewater treatment plant with a pump station. This project will reduce nitrogen entering the Chenango River, a tributary of the Chesapeake Bay.	DEC WQIP WWT	\$1,000,000
83714	Broome	Town of Kirkwood	Highway Department Drainage Improvement Project	The Town of Kirkwood will replace an underground drainage system at the highway garage with a larger capacity system to drain excess water from the site during increasingly heavy rain events.	DEC CSC	\$91,000
80086	Broome	Union Presbyterian Church - Riverside Cemetery	Riverside Cemetery Historic Restoration	The Riverside Cemetery, located in Endicott, will restore its historical monuments including monument and foundation restoration of Revolutionary & Civil War era graves, foundation repair of headstones, and repair, repainting and installation of solar lighting at the Veteran's area flagpole.	OPRHP HP P	\$52,750
82989	Broome	Village of Endicott	Village of Endicott Water Pollution Control Plant Infiltration and Inflow Study	The Village of Endicott will complete an engineering report to recommend a prioritization of sewersheds based on the amount of infiltration and inflow documented, known issues, and age of the existing sewers.	DEC EPG	\$50,000
82338	Broome	Village of Johnson City	Johnson City Main Street Target Area Renovation Program 2018-19	The Village will assist in the renovation of mixed-use properties in the Village's Central Business District.	HCR NYMS	\$494,500
80539	Broome	Village of Whitney Point	Village of Whitney Point Local Waterfront Revitalization Program and Gateway Public Access Improvements	The Village of Whitney Point will develop a Local Waterfront Revitalization Program to guide development along the Tioughnioga River. To immediately increase waterfront accessibility and implement the Four Rivers - An Intermunicipal Waterfront Public Access Plan for Broome County, the Village will also design and construct improvements at the intersection of Rt. 79 and US 11, including crosswalks, a river overlook, landscaping, parking area, clock fixture and a path to access the boat launch.	DOS LWRP	\$565,000
82954	Broome	Willow Run Foods, Inc.	Willow Run Foods Cooler Storage Addition	Willow Run Foods, Inc. will construct a new addition to its facility to expand the company's business model to include "for hire" supply chain services to various customers located throughout the contiguous United States.	ESD Grants	\$750,000
82954	Broome	Willow Run Foods, Inc.	Willow Run Foods Cooler Storage Addition	Willow Run Foods, Inc. will construct a new addition to its facility to expand the company's business model to include "for hire" supply chain services to various customers located throughout the contiguous United States.	ESD EJP	\$400,000
84639	Chemung	American Battlefield Trust	Coldiron Tract at the Newtown Battlefield	American Battlefield Trust will to preserve the 68-acre Coldiron Tract on the Newtown Battlefield, located adjacent to the Newtown Battlefield State Park.	OPRHP HP A	\$100,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84680	Chemung	Chemung County	Chemung County Elmira Sewer District Combined Sewer Overflow Study	Chemung County will complete an engineering report to evaluate: operation and condition of the combined sewer overflow (CSO) outfalls, alternatives for operational and capital improvements to reduce CSO discharge, and the feasibility of capital improvements to add disinfection to key CSO discharge locations.	DEC EPG	\$50,000
80577	Chemung	Chemung County	Countywide Water System Study	Chemung County, the Elmira Water Board, the Town of Big Flats and the Village of Horseheads will study the feasibility of shared water services. Areas for analysis include centralized administration and maintenance, asset management and long-range planning and development activities, expansion to underserved areas and potential consolidation of systems.	DOS LGE P	\$24,000
80887	Chemung	Chemung County Planning Department	Chemung County Comprehensive Plan	Chemung County's strategic development plan will be a guiding document for countywide development and conservation. The plan will contain a vision and goals that align with the Southern Tier Regional Economic Development Council's guiding documents, the Upstate Revitalization Initiative (URI), Elmira Downtown Revitalization Initiative (DRI), and I-86 Vibrant Communities and Workforce studies, resulting in recommendations for smart and sustainable development.	ESD SPFS	\$38,000
83806	Chemung	Chemung County Sewer District	Chemung County Sewer District No. 1 Study	The Chemung County Sewer District will complete an engineering report to investigate the wastewater collection system and treatment options to manage the sewage generated west of known hydraulic bottlenecks resulting from recent development in the Big Flats region.	DEC EPG	\$50,000
83340	Chemung	Chemung County Soil and Water Conservation District	Chemung County Critical Area Seeding	The Chemung County Soil and Water Conservation District will purchase a new hydroseeder that will allow it to continue its critical area seeding program in Chemung County. A minimum of 30 acres of road side ditches and municipal projects will be hydroseeded in 2019. The project will improve water quality by preventing sediment and nutrients from running off into nearby waterbodies, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$70,000
84902	Chemung	Community Progress, Inc.	Village of Horseheads NYMS Phase II	Community Progress, Inc. will assist in the renovation of mixed-use properties in the Village of Horseheads' Historic District.	HCR NYMS	\$500,000
84138	Chemung	Elmira Downtown Development, Inc.	Arnot Carriage House	Elmira Downtown Development, Inc. will assist in the renovation of the Arnot Carriage House, a mixed-use anchor project, located at 254-256 Baldwin Street, Elmira.	HCR NYMS	\$300,000
84384	Chemung	Lake Erie College of Osteopathic Medicine	Project Park	Construction of a two story 52,000 square foot building at Arnot Park to house Lake Erie College of Osteopathic Medicine (LECOM), a four-year medical training facility in Elmira at the vacant Arnot Park. LECOM will accommodate 120 students annually growing to 480 after 4 years.	ESD Grants	\$3,000,000
81048	Chemung	Village of Elmira Heights	Elmira Heights Downtown Corridor Redevelopment Study 2018	The Village of Elmira Heights will complete a feasibility study that will capitalize on the interest in walkable communities as well as downtown revitalization by developing a new vision for its downtown. The study will analyze the land use regulations, design and community character, infrastructure and transportation patterns in the area, and provide guidance in developing strategies to achieve the vision.	ESD SPFS	\$40,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
80798	Chemung	Village of Millport	Village of Millport Water Systems Study	Funds will be used to complete a preliminary engineering report of its drinking and waste water infrastructure.	HCR CDBGCP	\$50,000
83339	Chemung, Schuylers	Schuylers County Soil and Water Conservation District	Schuylers and Chemung Counties Road Ditch Stabilization Phase II	The Schuylers County Soil and Water Conservation District will stabilize at least 20,000 feet of roadside ditches in Schuylers and Chemung counties. The project will improve water quality by reducing sediments and nutrients entering waterbodies from roadside ditch erosion, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$260,187
83392	Chenango	Development Chenango Corporation	Greene Strategic Planning and Feasibility Study	Development Chenango Corporation, in partnership with the Town and Village of Greene, The Raymond Corporation, and other stakeholders, will create the first-ever economic development strategic plan tailored to the needs of this southern Chenango County community. The plan will address workforce development, place-making, attraction of capital and maximizing the impact of idle and underutilized economic and community assets.	ESD SPFS	\$11,000
83880	Chenango	JD Granary, LLC	Organic Feed Mill Expansion	JD Granary LLC, will conduct renovations and build a certified organic grain storage, grinding, milling and blending facility at its animal feeds grain mill, which will allow the granary to expand and sell nationally through ecommerce.	ESD Grants	\$225,000
82150	Chenango	Town of Pitcher	Town of Pitcher Salt Storage	The Town of Pitcher will construct a covered salt storage structure behind Town Hall and the Town Highway garage. The construction of this new structure will protect the environmental health and water quality of the nearby Otselec River and a private residential well within 400 feet of the salt storage location.	DEC WQIP Salt	\$107,764
78618	Delaware	ACCO Brands USA LLC	Electrical Training	ACCO Brands USA LLC will provide advanced manufacturing equipment training for existing workers.	DOL EET	\$25,376
84764	Delaware	Catskill Revitalization Corporation	Day Out With Thomas the Tank Engine at the Delaware and Ulster Railroad	Catskill Revitalization Corporation will present, "Thomas the Tank Engine" at the Delaware and Ulster Railroad (DURR) in Arkville during the summer of 2019. The eight-day, two-weekend long event is expected to attract 10,000 riders in addition to several thousand more people for event-related activities.	ESD MNY	\$58,800
80303	Delaware	MARK Project, Inc.	Andes Main Street	MARK Project Inc. will assist in the renovation of mixed-use properties in the Hamlet Andes.	HCR NYMS	\$496,693
83641	Delaware	Sportsfield Specialties, Inc.	Sportsfield Building Expansion	Sportsfield Specialties, Inc. is a growing sports equipment manufacturer located in Delhi that will invest in equipment and plant expansion at their facility. This 57,000 square foot expansion will allow for increased capacity and efficiencies while boosting competitiveness in a changing marketplace.	ESD Grants	\$500,000
83641	Delaware	Sportsfield Specialties, Inc.	Sportsfield Building Expansion	Sportsfield Specialties, Inc. is a growing sports equipment manufacturer located in Delhi that will invest in equipment and plant expansion at their facility. This 57,000 square foot expansion will allow for increased capacity and efficiencies while boosting competitiveness in a changing marketplace.	ESD EJP	\$300,000
81814	Delaware	Tiberio Custom Meats	Tiberio Custom Meats Regional Meat Center	Tiberio Custom Meats (TCM) will establish dual USDA certified meat processing facilities to better meet the needs of NYS agricultural producers and NYC based markets. TCM will provide direct marketing services for producers, and custom processing and access to locally raised meats to NYC retailers, restaurants and consumers.	ESD Grants	\$320,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82471	Delaware	Town of Colchester	Downsville Park Paddle Trail Development	The Town of Colchester will repurpose the Town's former highway garage and salt storage shed into Pepacton Park. The Park will serve as a center for community activities and information center for visitors. Park amenities will include a pavilion, boat ramp, handicap accessible fishing deck and kayak dock, kayak and locker storage and public restrooms. The project also includes the installation of a pedestrian bridge at Covered Bridge Park in order to connect both parks to the Community's Riverwalk and fitness trails, as well as to the nearby Finger Lake and NYS trail systems.	OPRHP PKS D	\$276,200
82593	Delaware	Town of Hancock	Town of Hancock Hamlet of East Branch Water Main Replacement	Funds will be used to replace aging water mains.	HCR CDBGPIPF	\$595,500
82711	Delaware	Village of Delhi	Village of Delhi Housing Study	Funds will be used to complete a housing needs assessment of the Village's housing conditions.	HCR CDBGCP	\$36,500
82266	Delaware	Village of Sidney	Village of Sidney Local Waterfront Revitalization Program	The Village of Sidney will prepare a Local Waterfront Revitalization Program (LWRP) to guide resilient and sustainable growth along its Susquehanna waterfront and downtown. LWRP preparation will include an update of the zoning code and other land management tools to ensure future development will advance the Village's goal of promoting mixed-use, age-friendly, compact, flood resistant development as well as recommend projects to achieve waterfront revitalization goals.	DOS LWRP	\$100,000
81668	Delaware	Western Catskills Community Revitalization Council, Inc.	Westholm Technical Assistance	Western Catskills Community Revitalization Council, Inc. will use funds to create a engineering study of the historic Westholm Hotel located at 136 West Main Street, Stamford.	HCR NYMS	\$20,000
83820	Schuyler	Aprile Ventures LLC	Glamping at Watkins Glen	Aprile Ventures LLC will develop a world-class Glamping destination and Craft beverage venue. As part of its innovative multi-regional strategy, the "Glamping at Watkins Glen" project will support tourism, enhance the outdoor experience for visitors, and promote awareness of the abundance of natural beauty, cultural attractions, and resources that New York has to offer.	ESD MNY	\$385,189
79678	Schuyler	Damiani Wine Cellars	Shared Wine Facility	Damiani Wine Cellars (DWC) will grow three businesses (DWC, Osmote and Nine-Four wineries) by increasing shared wine production/storage capacity, and vineyard/farming capacity. A 15,000-case production facility along with storage is in the engineering phase and will be located on property owned by DWC in Hector to allow each company to increase production and storage of cased goods. Additional equipment will be purchased for the new facility.	ESD Grants	\$550,000
83341	Schuyler	Schuyler County Soil and Water Conservation District	Cayuga Lake Watershed Streambank and Road Ditch Stabilization	The Schuyler County Soil and Water Conservation District will stabilize 2,000 feet of streambanks and 3,000 feet of roadside ditches in the Spring Brook and Taughannock Creek watersheds of Schuyler County, both of which directly outlet to Cayuga Lake. The project will improve water quality by reducing sediment and nutrients entering the waterbodies from erosion, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$284,225

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83336	Schuyler	Schuyler County Soil and Water Conservation District	Schuyler County Streambank and Road Ditch Stabilization	The Schuyler County Soil and Water Conservation District will stabilize over 3,000 feet of streambanks and 5,000 feet of roadside ditches and construct one retention pond in Schuyler County. The project will reduce flooding and erosion/sedimentation in waterbodies, including a decrease in phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$350,000
81481	Schuyler	Town of Hector	Town of Hector Waterfront Revitalization Program	The Town of Hector will develop a local Waterfront Revitalization Program for its Seneca Lake waterfront. The development of the LWRP will focus on guiding future development, protecting water quality, enhancing access to recreation, addressing watershed management issues, and promoting economic revitalization.	DOS LWRP	\$82,500
84303	Schuyler	Town of Orange	Town of Orange Municipal Park	The Town of Orange will create a new park located adjacent to the town hall to include a pavilion with picnic tables, a playground, lighting, and access to potable water. This new park will serve as the community gathering place.	OPRHP PKS D	\$18,546
83175	Schuyler	Village of Montour Falls	Climate Smart Community Actions	The Village of Montour Falls will complete Climate Smart Communities certification actions related to planning, analysis, and policy development that focus on three objectives: reducing greenhouse gas emissions in both government operations and in the community, assessing climate vulnerability, and producing educational materials that will assist other Schuyler County communities with climate change preparedness.	DEC CSC C	\$8,998
83683	Schuyler	Village of Montour Falls	Village of Montour Falls Wastewater Improvements	Funds will be used to construct a new wastewater pump station and force main system in Montour Falls.	HCR CDBGPIPF	\$1,000,000
80787	Schuyler	Village of Watkins Glen	Village of Watkins Glen Water System Study	Funds will be used to complete a water system evaluation and preliminary engineering report.	HCR CDBGCP	\$50,000
83284	Schuyler	Watkins Glen International	Out-of-State Traveler Campaign 2019	Watkins Glen International will create and promote a marketing plan to attract out-of-state travelers to the Southern Tier's largest weekend sporting event, NASCAR at The Glen.	ESD MNY	\$150,000
82606	Schuyler	Watkins Glen International, Inc.	Pretreatment for Watkins Glen International	Watkins Glen International (WGI) will construct additional wastewater storage capacity at its facility. The additional storage will manage wastewater generated by large events.	ESD Grants	\$220,000
84209	Schuyler, Tompkins	Finger Lakes Land Trust, Inc.	Cayuga Shallows Protection Land Acquisition for Source Water Protection Project	The Finger Lakes Land Trust will work to acquire land and conservation easements for six properties within the Cayuga Shallows area. This project will protect a minimum of 260 acres and over 21,000 feet of streambank along Fall and Trumansburg creeks. The amount of nutrients and runoff entering Cayuga Lake will be reduced, including phosphorus that could lead to harmful algal blooms.	DEC WQIP SWP	\$921,000
83961	Schuyler, Tompkins	Tompkins County Chamber of Commerce	The Apple of Our Eye Elevating the Reputation of New Yorks Craft Cider	Tompkins County Chamber of Commerce will promote agriculinary tourism experiences year-round with a focus on quality craft cider producers, authentic farm visits and expanding seasonal anchor events like Apple Harvest Festival, Finger Lakes Cider Week, Open Farm Days Weekend and Press Bay Holiday Market with the goal of becoming the Craft Cider Capital of NYS.	ESD MNY	\$123,500

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82260	Steuben	Alfred Technology Resources dba IncubatorWorks	Incubator Works - Southern Tier	IncubatorWorks (IW) will expand its current services and provide new programming focused on developing an entrepreneurial community encompassing leadership, mentorship, engagement and the creation of new businesses in the Southern Tier.	ESD BISP	\$625,000
80194	Steuben	Automated Cells Equipment, Inc.	ACE Expansion	To support continued growth in the robotic system integration field additional space, ACE will construct a 15,000 square foot building with two overhead cranes as well as office space, connecting tunnel, truck dock, at grade doors, and additional parking.	ESD Grants	\$400,000
80194	Steuben	Automated Cells Equipment, Inc.	ACE Expansion	To support continued growth in the robotic system integration field additional space, ACE will construct a 15,000 square foot building with two overhead cranes as well as office space, connecting tunnel, truck dock, at grade doors, and additional parking.	ESD EJP	\$280,000
82634	Steuben	City of Corning	City of Corning Wastewater Collection System Study	The City of Corning will complete an engineering report to identify sources of infiltration and inflow, damaged pipe, and evaluate capacity of the wastewater collection system.	DEC EPG	\$30,000
81079	Steuben	Corning Community College	Innovation Center Upgrades	Four main campus learning spaces will be updated to house a mechatronics lab, expanded cybersecurity lab, and create an innovation space for project based learning. An energy retrofit of four academic buildings will provide students with real-life data in their local context. With updated lab equipment and teaching technology, students will engage in real-world problem solving.	ESD Grants	\$1,000,000
84369	Steuben	Hornell Industrial Development Agency	Strobels Supply Expansion	Strobels Supply will purchase and expand into an existing 30,000 square foot facility in the Shawmut Industrial Park, install four paint booths, and purchase new machinery and equipment.	ESD Grants	\$200,000
81401	Steuben	Manufacturing Automation Systems LLC	MAS Manufacturing Expansion	Manufacturing Automation Systems LLC, an automation company specializing in precision machine and measurement equipment, will be constructing a 28,800 square foot extension to allow for the manufacturing and fabrication of its designs on site. The project also includes the purchase of manufacturing and fabrication equipment, the creation of a paperless shop floor and a software system to efficiently manage projects.	ESD Grants	\$600,000
81401	Steuben	Manufacturing Automation Systems LLC	MAS Manufacturing Expansion	Manufacturing Automation Systems LLC, an automation company specializing in precision machine and measurement equipment, will be constructing a 28,800 square foot extension to allow for the manufacturing and fabrication of its designs on site. The project also includes the purchase of manufacturing and fabrication equipment, the creation of a paperless shop floor and a software system to efficiently manage projects.	ESD EJP	\$210,000
83421	Steuben	The Corning Museum of Glass	Make Your Own Glass (MYOG) Expansion Capital Project	The Corning Museum of Glass will expand The Studio and the Make Your Own Glass workshop, creating the international comprehensive center for artists, students, and visitors working with glass. This will provide an opportunity for The Corning Museum of Glass visitors of all ages and skill levels to have exciting, memorable, new, and unique experiences trying many types of glassworking.	ESD MNY	\$900,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
81911	Steuben	Town of Campbell	Town Park Improvements 2018	The Town of Campbell will renovate the East Campbell Town Park located on the Corner of Dry Run Road and Meads Creek Road. The improvement project will include rehabilitation of a basketball court, tennis court and a walking trail. The project will provide residents and visitors with improved recreation facilities and promote health and wellness.	OPRHP PKS D	\$116,081
80776	Steuben	Village of Bath	Village of Bath Strategic Plan	The Village of Bath plans to develop a Comprehensive Economic Development Plan designed to thoroughly analyze the community's business and neighborhood structure, identify market and workforce characteristics, conduct a Strengths, Weaknesses, Opportunities, and Threats (SWOT) analysis, and establish strategic direction through establishment of: A Vision Statement, Goals/Objectives, an Evaluation Framework, and a Plan for Economic Resilience to assist in community revitalization.	ESD SPFS	\$11,000
84763	Steuben	Village of Bath	Village of Bath Wastewater Treatment Plant Disinfection	The Village of Bath will install a new chlorination/dechlorination system at its wastewater treatment plant on East Morris Street. The outcome will be to fully treat the effluent, reducing environmental contamination.	DEC WQIP WWT	\$630,750
84778	Steuben	Village of Bath	Village of Bath Wastewater Treatment Plant Improvements	The Village of Bath will upgrade its wastewater treatment plant to comply with phosphorus reduction requirements in the Chesapeake Bay TMDL. Other improvements include replacing aging infrastructure and equipment. This project will have a positive impact on both local water quality and the Chesapeake Bay.	DEC WQIP WWT	\$1,000,000
80522	Steuben	Village of Bath	Village of Bath Water System Evaluation	Funds will be used to complete a preliminary engineering report of its drinking water infrastructure.	HCR CDBGCP	\$50,000
84522	Steuben	Village of Canisteo	Village of Canisteo Wastewater Treatment Plant Disinfection and Wastewater System Improvements Study	The Village of Canisteo will complete an engineering report to develop design alternatives, cost estimates and recommendations to install an effluent disinfection system for the wastewater treatment plant. The replacement of the aging Second Street sewage pump station with a vacuum-prime pump station will also be evaluated.	DEC EPG	\$23,500
83038	Steuben	Village of Hammondsport	Village of Hammondsport New Collection System and Wastewater Treatment	The Village of Hammondsport will construct a new gravity collection system within their business district to provide wastewater collection and treatment for approximately 45 parcels that have inadequate onsite septic systems. The project will improve the water quality of Keuka Lake.	DEC WQIP WWT	\$1,035,000
84887	Steuben	Village of South Corning	Village of South Corning Sewage Treatment Plant Disinfection Study	The Village of South Corning will complete an engineering report to evaluate disinfection alternatives at their wastewater treatment plant.	DEC EPG	\$10,000
83629	Steuben	Village of South Corning	Village of South Corning Water Tank and Water Treatment Facility Improvements	Funds will be used toward water system improvements.	HCR CDBGPIPF	\$1,000,000
82730	Steuben	Village of Wayland	Village of Wayland Salt Storage	The Village of Wayland will construct a salt barn at 1 Third Avenue for storage of their existing exposed salt pile. The new facility will prevent salt runoff from leaching into the groundwater and will improve overall water quality in the Village of Wayland.	DEC WQIP Salt	\$150,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82086	Steuben	Village of Wayland	Village of Wayland Wastewater Treatment Plant Disinfection Study	The Village of Wayland will complete an engineering report to evaluate the most efficient, cost-effective and safe solution to disinfect their wastewater treatment plant effluent.	DEC EPG	\$30,000
80377	Tioga	Tioga County	County Centralized Information Technology Services	Tioga County will provide centralized IT services to the Towns of Barton and Owego, and the Villages of Waverly and Nichols. This project will leverage the recently-completed Southern Tier Network "dark fiber" expansion in key parts of Tioga County to create very high-speed data connections from the County offices to the respective municipal offices.	DOS LGE	\$210,258
83804	Tioga	Tioga County Soil and Water Conservation District	Owego Creek Streambank Rehabilitation	The Tioga County Soil and Water Conservation District will use multiple best management practices to rehabilitate a severely eroding streambank on Owego Creek. The project will improve water quality by reducing sediment entering Owego Creek from streambank erosion.	DEC WQIP NPS	\$145,926
84277	Tioga	Town of Owego	Town of Owego Salt Storage	The Town of Owego will construct a new salt storage facility adjacent to existing Town facilities for housing their existing exposed salt piles located near the intersection of Pennsylvania Avenue with Jacobs Road in Apalachin (adjacent to Apalachin Creek). This effort will relocate the salt piles from an existing flood hazard zone to a safer location.	DEC WQIP Salt	\$390,000
80468	Tioga	Village of Newark Valley	Municipal Building Window Restoration	The Village of Newark Valley will restore all windows in the Municipal Building. The windows will be removed, restored and reinstalled in fully operable condition.	OPRHP HAS D	\$100,000
82028	Tioga	Village of Owego	Village of Owego Wastewater Treatment Plant Disinfection	The Village of Owego will install an ultraviolet disinfection system and make flow monitoring improvements at its wastewater treatment plant on Southside Drive. The outcome will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$1,000,000
84398	Tompkins	Cayuga Chamber Orchestra Inc.	Workforce Training and Development Programs	The Cayuga Chamber Orchestra announces two Arts Career Development Fellowships, specifically created for musicians from underrepresented communities. In partnership with Eastman School of Music, these Fellowships will incorporate performance, education & community outreach, and arts administration.	Arts WRP	\$30,000
80423	Tompkins	City of Ithaca	Downtown Ithaca Transportation Demand Management Association	The City of Ithaca will transition its transportation demand management (TMD) pilot project to full implementation by creating a TMD Association. The association will continue to work with local employers, transportation providers, and commuters to reduce reliance on single occupancy vehicle use and thereby reduce traffic congestion, parking garage demand, and greenhouse gas emissions. The association will work to change the commuting habits of at least 600 additional individuals by 2022.	DEC CSC	\$460,397
80753	Tompkins	City of Ithaca	Ithaca Waterfront Access	The City of Ithaca will partner with a private developer, City Harbor LLC, to improve the Cayuga Lake waterfront. The project will include housing, a restaurant on the point across Cascadilla Creek, seawall construction and new boat slips. Ithaca will also develop a public promenade, a connector path to the Ithaca Waterfront Trail and electric car charging.	Canals	\$29,575

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
81920	Tompkins	Cornell University	Rev Ithaca Startup Works	Rev Ithaca supports high-growth startups regardless of their industry sector. In addition to continued incubator services, this project will support the creation of Rev's Hardware 2.0 program which will provide product-based startups with specific expertise such as design for manufacturing, outsourced product production, supply chain management and quality control.	ESD BISP	\$625,000
82621	Tompkins	Historic Ithaca, Inc.	Cascadilla Boathouse Restoration	Historic Ithaca, in partnership with the City of Ithaca, will restore the exterior of the Cascadilla Boathouse , a c. 1896 building in Stewart Park, Ithaca, New York to prevent further deterioration. The National Register-listed boathouse, originally built for that purpose, is still in use today. This project will make the building weathertight and attractive, and restore its Shingle-Style architectural elements.	OPRHP HP D	\$367,172
82603	Tompkins	Ithaca Community Childcare Center	School Age Program Expansion	Ithaca Community Childcare Center will expand capacity and services to address barriers to the workforce for parents by providing after school and part-day toddler and pre-k programming. This expansion will add 4 classrooms, a small gross motor space, relocate the front entrance and offices for better security and centralize operations in order to respond to growing demand for quality and affordable childcare in the Greater Ithaca area.	ESD Grants	\$790,000
83713	Tompkins	New Roots Charter School	Cayuga Lake Wetlands Restoration	The New Roots Charter School will construct and restore a wetland on the south end of Cayuga Lake by planting and maintaining wetland plant species. The wetland will improve water quality by helping to filter pollutants entering the lake, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$38,745
83584	Tompkins	Opus Ithaca School of Music Inc	Workforce Expansion	Opus Ithaca School of Music will expand a Grant Coordinator/Flute Instructor position into the full-time position of Community Engagement and Program Development Coordinator to bring musical opportunities for underserved populations, while organizing existing programs at organization.	Arts WIP	\$30,000
80845	Tompkins	The Cherry Arts Inc	Workforce Expansion	The Cherry Arts will expand its Artistic Director position from a part-time, project-funded position to a full-time, salaried position, stabilizing and professionalizing the institution's organizational structure, and creating opportunities for artistic and organizational growth and development.	Arts WIP	\$25,000
82891	Tompkins	Tompkins County Soil and Water Conservation District	Tompkins County MS4 Mapping	The Tompkins County Soil and Water Conservation District will continue mapping the stormwater systems of the 10 Municipal Separate Storm Sewer Systems (MS4) communities in Tompkins County, and delineate the associated storm sewersheds. The project will help the communities determine where water is coming from and identify priority areas for projects to reduce flows and erosion and mitigate downstream water quality impacts.	DEC WQIP MS4	\$87,774
83829	Tompkins	Town of Caroline	Town of Caroline Ekroos Road Culvert Replacement	The Town of Caroline will remove an aquatic barrier and stabilize streambanks and streambed, as well as replace the failing culvert on Ekroos Road with a larger culvert. This project will improve aquatic movement and reduce clogging that leads to road closure and damage to town infrastructure.	DEC WQIP AHR	\$247,568

Southern Tier

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83318	Tompkins	Town of Danby	Town of Danby Housing Needs Assessment	Funds will be used to complete a housing needs assessment of the Town's housing conditions.	HCR CDBGCP	\$30,000
82127	Tompkins	Town of Enfield	Town of Enfield Sand and Salt Storage	The Town of Enfield will construct a salt storage facility to cover their exposed salt storage pile. Moving the exposed pile to the new storage facility will prevent contamination of nearby public and private wells, in addition to nearby Enfield Creek, a tributary to Cayuga Lake.	DEC WQIP Salt	\$340,640
82389	Tompkins	Town of Ithaca	Culver Road Preserve Acquisition	The Town of Ithaca will purchase property to add to the Town's park system as a nature preserve, available to the public for passive recreation uses. The purchase and protection of the property will fill in the missing gap between the Town preserves on Culver Road and the Cornell Natural Area to the north creating a large, connected natural habitat.	OPRHP PKS A	\$137,250
82483	Tompkins	Town of Newfield	Town of Newfield Infiltration and Inflow Study	The Town of Newfield will complete an engineering report to evaluate improvements to the existing wastewater collection system and absorption field.	DEC EPG	\$30,000
82947	Tompkins	Town of Newfield	Town of Newfield Water Districts Source of Supply Investigation	Funds will be used to complete a preliminary engineering report of its water district infrastructure.	HCR CDBGCP	\$50,000
82511	Tompkins	Trumansburg Conservatory of Fine Arts	Workforce Expansion	The Trumansburg Conservatory of Fine Arts will hire a new, full-time Executive Director. This position will allow TCFA to expand programming, increase community outreach, and provide organizational leadership.	Arts WIP	\$24,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	\$4,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$30,000,000
		NYSERDA Energy Efficiency Projects	11 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84409	Cayuga	Aurora Masonic Center	Aurora Masonic Center Preservation	The Aurora Masonic Center will complete a Historic Structure Report, a Drainage Study, Archeological Survey and develop a Preservation Plan and Architectural Design. The construction phase will preserve and restore the facade of the historic Royal Arch Chapter Hall.	OPRHP HP D	\$168,525
84250	Cayuga	Cayuga Community College	New Collaborative Workforce Development Center	Cayuga Community College will establish a Collaborative Workforce Development Center in Auburn. The Cooperative Extension will stay in the building and the remainder will be repurposed through major renovations to house multiple workforce development partners.	ESD Grants	\$1,000,000
80415	Cayuga	Cayuga County Soil and Water Conservation District	Cayuga County Stream Corridor Enhancement and Restoration	The Cayuga County Soil and Water Conservation District will protect, stabilize and revegetate 4,000 feet of highly erodible streambank throughout Cayuga County. The project will improve water quality by reducing sediment and nutrients entering waterbodies from streambank erosion, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$380,000
80221	Cayuga	Cayuga Museum of History and Art	Cayuga Museum Case Laboratory Comprehensive Rehabilitation	The Cayuga Museum of History and Art will conduct structural and archaeological investigations, develop design solutions for two decades of on-site water infiltration issues, and complete construction documents to rehabilitate and mitigate deficiencies at the Case Research Laboratory. This work will address deterioration and safety concerns.	OPRHP HP P	\$53,700
82765	Cayuga	City of Auburn	City of Auburn Combined Sewer Overflow Study	The City of Auburn will complete an engineering report to evaluate current combined sewer overflow facilities and make recommendations on possible solutions, including improving the existing treatment facilities, separating the storm and sanitary sewers, building storage facilities, and building new treatment facilities.	DEC EPG	\$30,000
82764	Cayuga	City of Auburn	City of Auburn Owasco Flats Land Acquisition for Source Water Protection Project	The City of Auburn will acquire an approximately 152-acre parcel immediately adjacent to Owasco Lake and Inlet in the Town of Moravia. The project will protect the water supply, riparian areas, and wetlands. Acquisition of this parcel will reduce the potential for nutrients to enter Owasco Lake and cause harmful algal blooms.	DEC WQIP SWP	\$75,000
82744	Cayuga	City of Auburn	NYS Equal Rights Heritage Center Marketing Plan	The City of Auburn will develop and implement new branding, marketing and destination events for the new NYS Equal Rights Heritage Center in Auburn. The Center is a heritage-tourism promotion center that communicates the pioneering role that the State has played in the ongoing quest for Equal Rights and acts as a visitor launching pad for visitors to discover Equal Rights attractions throughout New York State.	ESD MNY	\$150,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83678	Cayuga	Currier Plastics, Inc.	Medical Market Training	Currier Plastics, Inc. will provide training to its existing employees with the skills required to meet the standards of their Medical market customers.	DOL EET	\$65,400
83480	Cayuga	Keith Titus Corporation	Keith Titus Corporation Expansion	Keith Titus Corporation will renovate and expand its facility, including the establishment of a driver and diesel mechanic training center. It will also create a health & wellness center for traveling drivers, mechanics, and other operators. Keith Titus Corporation will also purchase and install machinery and equipment that takes co-mingled metal and produces an on spec/grad metal.	ESD Grants	\$1,200,000
82522	Cayuga	Town of Brutus	Town of Brutus Sewer Extension and Wastewater Treatment Plant Consolidation Study	The Town of Brutus will complete an engineering report to evaluate the condition of three community wastewater treatment systems and the feasibility of taking those systems offline and connecting the communities to the Village of Jordan wastewater treatment plant to accept the additional flows.	DEC EPG	\$30,000
84197	Cayuga	Town of Montezuma	Montezuma Heritage Park Improvement Project	The Town of Montezuma will develop a parking lot on the northern portion of the Montezuma Heritage Park where the park connects with the NYS Canalway Trail on NYS Route 31. In addition to parking, there will also be a waterless handicapped accessible bathroom installed and a directional kiosk to assist visitors in finding the historic aspects of the park. These improvements will greatly enhance the experience of those visiting the remains of the four canal systems and the Richmond Aqueduct.	OPRHP PKS D	\$147,425
81888	Cayuga	Town of Moravia	Town of Moravia Climate Smart Comprehensive Plan	The Town of Moravia will work with the Cayuga County Planning Department to update its 1965 comprehensive plan to focus on climate sustainability. Moravia will inventory greenhouse gas emissions for government and community operations and use this information, along with lessons learned from recent flood events and future climate change projections, to inform updates to the plan regarding emergency preparedness, land use planning, adaptation projects, and enhanced natural resource management.	DEC CSC C	\$24,118
82049	Cayuga	Village of Moravia	Village of Moravia Wastewater Treatment Plant Study	The Village of Moravia will complete an engineering report to evaluate rehabilitation or replacement of all treatment processes at their wastewater treatment plant, and evaluate the plant's capacity to serve current and future demands.	DEC EPG	\$30,000
82618	Cayuga	Village of Union Springs	Village of Union Springs Wastewater Treatment Plant Study	The Village of Union Springs will complete an engineering report to evaluate the plant's oxidation ditch treatment system, sludge pumps, solids handling system and building improvements.	DEC EPG	\$30,000
82942	Cayuga	Volpi Manufacturing USA, Inc.	Volpi Transformation	Volpi Manufacturing USA, Inc., a maker of optoelectronic modules for the medical industry, will demolish 14,000 square feet of its existing facility and replace that space with new cleanrooms; reroute electrical bus bar, plumbing and process gas throughout the facility, install new HVAC systems, and update IT infrastructure.	ESD Grants	\$320,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82876	Cayuga, Cortland, Madison, Onondaga, Oswego	CNY Arts, Inc.	Arts Marketing Campaign 2019	CNY Arts will market Central New York's array of arts, culture, and heritage activities as a strong opportunity for tourists visiting friends and family to create meaningful memories. These funds will be used to support this region's arts and entertainment collaborative marketing platform that showcases CNY's arts, entertainment, and cultural events..	ESD MNY	\$150,000
82762	Cayuga, Onondaga	Finger Lakes Land Trust, Inc.	Skaneateles Lake Watershed Conservation Partnership Land Acquisition for Source Water Protection Project Phase II	The Finger Lakes Land Trust will acquire four parcels within the Skaneateles Lake watershed. This project will result in 436 acres of protected land and over 16,000 feet of protected streambank. By protecting and restoring the natural riparian buffers, this project will reduce the amount of nutrient runoff entering Skaneateles Lake and limit the potential for harmful algal blooms.	DEC WQIP SWP	\$1,690,575
81942	Cortland	City of Cortland	83-85 Main Street Redevelopment	The City will assist in the renovation of a mixed-use property located at 83-85 Main Street.	HCR NYMS	\$500,000
82313	Cortland	City of Cortland	City of Cortland Clinton Avenue Between Pomeroy and Pendleton Streets Water Main Replacement	Funds will be used to replace the Clinton Avenue water main between Pomeroy and Pendleton Streets in the City.	HCR CDBGPIPF	\$750,000
80295	Cortland	City of Cortland	City of Cortland Microenterprise Assistance	Funds will be used to assist in the establishment of the City of Cortland's Microenterprise Assistance Program.	HCR CDBGME	\$200,000
82003	Cortland	City of Cortland	Tioughnioga River Waterfront Revitalization Program	The City of Cortland, in partnership with other riverfront municipalities, will update and adopt the Tioughnioga River Waterfront Revitalization Program (WRP). The WRP will guide land use along the riverfront and focus on increasing public access to the waterfront, strengthening downtowns, establishing a pedestrian trail and blueway trail and protecting natural resources.	DOS LWRP	\$48,750
83959	Cortland	Cortland County Soil and Water Conservation District	Cayuga Lake Watershed Stream Corridor and Culvert Rehabilitation	The Cortland County Soil and Water Conservation District will work with municipalities to rehabilitate at least three culverts, streams and buffers identified as priorities in the county. The projects will reduce sediment entering Cayuga Lake, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$382,500
84505	Cortland	Cortland County Soil and Water Conservation District	Chesapeake Bay Watershed Stream Corridor and Culvert Rehabilitation Program	The Cortland County Soil and Water Conservation District will rehabilitate at last two culverts, streams and buffers in the Cortland County portion of the Chesapeake Bay watershed. This project will improve water quality by reducing sediment and nutrients entering waterbodies from erosion, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$382,500
84709	Cortland	Cortland County Soil and Water Conservation District	Cortland County Critical Area Road Ditch Stabilization and Seeding	The Cortland County Soil and Water Conservation District will implement a roadside ditch maintenance, stabilization and hydroseeding program in at least seven acres of critical areas in Cortland County. The project will improve water quality by reducing sediment and nutrient entering waterbodies from roadside ditch erosion and runoff, including phosphorus that may lead to harmful algal blooms.	DEC WQIP NPS	\$100,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84447	Cortland	Cortland County Soil and Water Conservation District	Skaneateles Lake Watershed Stream Corridor and Culvert Rehabilitation	The Cortland County Soil and Water Conservation District will rehabilitate at least two culverts, streams and buffers at priority areas in the Skaneateles Lake watershed. The project will improve water quality by reducing sediment and nutrients entering waterbodies from erosion, including phosphorus that may lead to harmful algal blooms in Skaneateles Lake.	DEC WQIP NPS	\$375,000
82532	Cortland	Village of Groton	Village of Groton Wastewater Treatment Plant and Collection System Study	The Village of Groton will complete an engineering report to recommend priority repair projects within the trunk sewer and wastewater collection system and recommend replacement and reconstruction options of headworks components at the wastewater treatment plant.	DEC EPG	\$30,000
83057	Cortland	Village of Homer	Walkable Homer	The Town of Homer will construct 708 feet of new sidewalk along Route 281 and make repairs to 2,192 feet of sidewalks on South Main Street to provide pedestrian access to the community's schools. Busing is not offered to students in the town center, so driving is a popular mode of transportation. Sidewalk expansion and improvement will encourage walking as an alternative, reduce vehicle miles traveled, and increase access to the downtown commercial and public centers of the town.	DEC CSC	\$200,000
83501	Cortland	Willet Hop and Grain, LLC	Expansion of Hops Farm	Willet Hop and Grain, LLC will expand its operations, allowing Willet Hop and Grain to significantly increase its production of hops, specialty grains, corn, barley and rye - nearly doubling current production levels.	ESD Grants	\$100,000
83150	Cortland, Onondaga	CNY Arts, Inc.	CNY Arts & Artists in Public Spaces 2019	CNY Arts will install art in vacant storefronts and neglected spaces, bolstering Central New York's downtown revitalization efforts, creating vibrant cultural corridors for residents and visitors, and stimulating economic activities in the surrounding neighborhoods.	Arts ACIP	\$49,500
81492	Madison	All Seasonings Ingredients, Inc.	All Seasons Ingredients, Inc. Expansion	All Seasonings Ingredients, Inc. will expand production at their facility, including the purchase and installation of machinery and equipment and the construction of two warehouse buildings in the Oneida Business Park. This will create space to allow the company to establish a third production line to meet increasing product demands.	ESD Grants	\$430,000
82066	Madison	CNY Hemp Processing	CNY Hemp Processing Expansion	CNY Hemp Processing will establish a hemp processing facility in Madison County. The project includes constructing a pole-barn-style facility to store, dry and process hemp fiber, and the purchase and installation of machinery and equipment.	ESD Grants	\$55,000
80939	Madison	Knowles Cazenovia	Thin Film Commercial Expansion	Knowles Cazenovia will expand its production capacity, including facility renovations and installing new machinery and equipment. This project will allow Knowles Cazenovia to better compete in the growing radio frequency filtering market and allow it to meet the increasing need for microelectronic components that enable 5G telecommunication technology and infrastructure.	ESD Grants	\$1,800,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
80673	Madison	Madison County	Delphi Falls County Park	Madison County will undertake a park development project at the newly acquired Delphi Falls County Park in southern Madison County. Goals are to make the lower falls accessible to persons with disabilities, develop loop trail and viewing access to both the lower and upper falls, install park amenities, undertake a structural analysis of the house and barn, and to make related physical and recreational improvements to the property.	OPRHP PKS D	\$500,000
82812	Madison	Mohawk Valley Community College	Heavy Equipment Operator Training	Mohawk Valley Community College will provide a combined CDL-B and Heavy Equipment Operator training program to address the needs of employers who say that they need employees with both certifications to increase operational efficiency.	DOL UWT	\$96,900
83398	Madison	NYS Craft Beverage Services, Inc.	NYS Craft Beer Collaborative	NYS Craft Beverage Services, Inc. will build a craft brewing consortium facility, containing a marketing center and bottling/packaging plant. It will provide services including marketing, distribution, packaging, educational seminars, discounted general brewery supplies and access to quality NYS grow hops and barley malt.	ESD Grants	\$178,000
80133	Madison	Partnership for Community Development, LTD	Hamilton Entrepreneurship Center	The Hamilton Entrepreneurship Center, located in the Village of Hamilton, currently functions as the co-working space and incubator space for Thought Into Action (TIA), Colgate University's entrepreneurship program. TIA will expand the incubator to provide entrepreneurs 24-hour access to high-speed fiber optic Internet, workstations, conference room, classes, events, and networking opportunities.	ESD BISP	\$625,000
84540	Madison	Syracuse Society for New Music	Libba Cotten Project	Funds will support the creation and performance of an opera/music-theater work on the life and music of singer/songwriter/guitarist Libba Cotten. Cotten spent the last 20 years of her life in Syracuse, during which time she was awarded a Grammy for Best Folk Performance, just two years before her death at 94.	Arts ACIP	\$29,000
81062	Madison	Village of Cazenovia	Burton Street Park Enhancement	The Village of Cazenovia will enhance the infrastructure at Burton Street Park by replacing the existing building and improving the parking area. The goal is to provide a safer, universally accessible park that can be enjoyed year round by all residents and visitors.	OPRHP PKS D	\$132,000
81303	Madison	Village of Cazenovia	Cazenovia Component Local Waterfront Revitalization Program	The Village and Town of Cazenovia will prepare a joint Component Local Waterfront Revitalization Program for its Cazenovia Lake and Chittenango Creek waterfronts to ensure waterfront development projects will provide a balance between public enjoyment, economic development and preservation of natural resources. The plan will focus on enhancing public waterfront access, revitalizing downtowns, protecting community historic character, improving recreation and tourism amenities.	DOS LWRP	\$31,125
80978	Madison	Village of Hamilton	Village of Hamilton Microenterprise Assistance	Funds will be used to assist in the establishment of the Village of Hamilton Microenterprise Assistance Program.	HCR CDBGME	\$100,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
80690	Madison	WoodBAyr Farm	New Composting Bedding Pack Energy Net Zero Smart Dairy Barn	A new state-of-the-art Organic Dairy facility is being designed as a Smart Building and will include a bedding pack barn utilizing high efficiency ventilation, lighting, and ultramodern robotic feeding, milking and cleaning systems. The project includes installation of renewables combined with an existing solar array, for Net Zero Energy performance. The facility will have an educational center for meetings and seminars to train 4-H and other agricultural groups on modern organic dairy farming.	NYSERDA NZEED	\$1,000,000
84430	Onondaga	301 Belle Isle Road, LLC	Regional Organic Waste to Energy	The Regional Organic Waste to Energy project will collect and process commercial and institutional source-separated organics, primarily food waste, for use as feedstock in a planned anaerobic digester to be built as part of a brownfield redevelopment. The facility will be located in the Village of Solvay, Onondaga County on brownfield parcels formerly owned by Honeywell.	ESD Grants	\$900,000
83652	Onondaga	Acropolis Development	Jefferson Center Redevelopment	Acropolis Development is redeveloping 333-49 S. Salina Street in downtown Syracuse, Onondaga County. Phase 1, involves purchasing and rehabilitating the two-building property for commercial use. Tenants will include the Acropolis Realty Group, which will relocate and expand, a large food hall and wine bar, and a mortgage company that will relocate from their suburban location.	ESD Grants	\$800,000
83443	Onondaga	Allred & Associates, Inc.	Quality Workforce Development Training	Allred & Associates, Inc. will provide basic quality skills and knowledge that will enable the trainees to operate to the strict requirements of work in precision carbon fiber fabrication and machining. In addition the training project will enable trainees to work Lean and continuously improve by learning formal problem solving.	DOL EET	\$21,860
83423	Onondaga	Catholic Charities of the Roman Catholic Diocese of Syracuse, N.Y.	Joseph Works	Catholic Charities of the Roman Catholic Diocese of Syracuse, N.Y. will offer an introduction to property maintenance, teaching skills such as cleaning, basic demolition, entry-level construction, painting, grounds keeping, snow removal, simple carpentry, floor installation/care, and minor repairs, along with sanitation and safety regulations, use and care of related equipment, and other relevant topics.	DOL UWT	\$100,000
82109	Onondaga	City of Syracuse	Centralized Payment Office Study	The City of Syracuse will study the feasibility of a centralized payment office to collect and process payments from all city departments. The study will assess the physical layout, organizational structure, and seasonal work-loads to determine the best work flow design and include a free Financial Empowerment Center counseling area for residents.	DOS LGE P	\$12,492
84634	Onondaga	City of Syracuse	City of Syracuse Local Waterfront Revitalization Program	The City of Syracuse will prepare a Local Waterfront Revitalization Program (LWRP) in collaboration with Onondaga County to create a resilient framework which will inform the sustainable economic and environmental revitalization of the City's waterfront. The LWRP will include establishing a waterfront revitalization boundary, inventory and analysis, policies, land/water use plans and recommended projects.	DOS LWRP	\$187,500

80751	Onondaga	Town of DeWitt	Rethinking Rain Water in the Franklin Park Community	The Town of DeWitt will implement several stormwater best management practices along Richwood Drive, a neighborhood that has had problems with flooding and standing water during heavy rains. Porous pavement, culverts, infiltration basins, street trees, and water storage areas will be constructed to alleviate ponding of water. Stormwater educational materials and rain barrels will be distributed to residents in an effort to further reduce the amount of stormwater runoff in the area.	DEC CSC	\$100,435
80709	Onondaga	Town of Skaneateles	Skaneateles Watershed Nine Element Plan	The Town of Skaneateles, with support from the Central New York Regional Planning and Development Board, will complete a Nine-Element Plan for the Skaneateles Lake Watershed. The Plan will address nutrient loading and Harmful Algal Bloom control as well as identify measures to address water quality issues throughout the entire watershed to sustain Skaneateles' natural resources and the primary drinking water source for City of Syracuse.	DOS LWRP	\$235,650
84683	Onondaga	Village of East Syracuse	Village of East Syracuse Ley Creek Streambank Restoration	The Village of East Syracuse will restore an area of streambank along Ley Creek between West Manlius Street and James Street using multiple best management practices. The project will improve water quality by reducing sediment and nutrients entering Ley Creek from streambank erosion and runoff.	DEC WQIP NPS	\$150,000
82523	Onondaga	Village of Fayetteville	Village of Fayetteville Limestone Creek and Bishop Brook Bank Stabilization & Riparian Buffer Improvements	The Village of Fayetteville will construct streambank and riparian buffer improvements at multiple locations along approximately 1,000 feet of Limestone Creek. The project will improve water quality by reducing sediment entering the creek from runoff and streambank erosion, and reduce phosphorus that may lead to downstream harmful algal blooms.	DEC WQIP NPS	\$522,000
80743	Onondaga	YMCA of Greater Syracuse	Downtown YMCA Revitalization	The YMCA of Greater Syracuse will perform extensive renovations to the Downtown YMCA, including residential improvements, adding residential units, facade upgrades, improved facility access, and improvements to the buildings recreational space and infrastructure.	ESD Grants	\$731,000
81999	Oswego	City of Fulton	Fulton Canal Corridor Multi-Use Trail	This project will help construct two multi-use trails along the Oswego Canal, the Pathfinder Canal Towpath Trail and the Canalview Bridge Walk Trail. It will build upon work already completed in Fulton, such as the Indian Point Landing gazebo as well as the downtown Canal Landing marina, gazebo and park.	Canals	\$150,000
81999	Oswego	City of Fulton	Pathfinder and Canalview Trail Construction Phase 1	The City of Fulton will construct Phase 1 of the Pathfinder Canal Towpath and Canalview Bridge Walk Trails on the Oswego Canal. The project will advance the goals in the City's draft Local Waterfront Revitalization Program by capitalizing on Fulton's canal location to increase recreational opportunities, support tourism and spur economic growth. Construction will include trail paving, kiosks, lighting, site furnishings, landscaping and interpretive panels.	DOS LWRP	\$750,000

Central New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83687	Oswego	City of Oswego	Wrights Landing Marina Boater Services Improvements	The City of Oswego will design and construct improvements at the city-owned Wright's Landing Marina on Lake Ontario. Improvements will include a new boater services station, renovation of two existing restroom facilities for boaters, and installation of a new pavilion, fire pit, and lighting. This project implements the City's Local Waterfront Revitalization Program and Oswego Waterfront Master Plan by attracting and retaining boaters, visitors and businesses to the waterfront.	DOS LWRP	\$934,200
84411	Oswego	Lindsey Aggregates, Inc.	Equipment Acquisition and Efficiency Improvements	Lindsey Aggregates, Inc. will purchase new equipment for the expansion of its facility in Palermo, Oswego County. This project is Phase 2 of their expansion and includes purchasing a vertical shaft impactor, 100-foot electric stackers and, connection and control improvements to the wash plant.	ESD Grants	\$140,000
84562	Oswego	Maple Hollow Farm	New York Grown and Certified Dairy Processing Farm	Maple Hollow Farms will create a fresh dairy products line at its farm in Hannibal, Oswego County. The farm is already known for its quality pork, beef, strawberries, Certified Grown in NY maple syrup, and Certified Grown in NY eggs and is looking to expand on this with premium quality dairy products from its herd of Brown Swiss Cows. The project includes construction and the purchase and installation of machinery and equipment.	ESD Grants	\$32,000
80644	Oswego	Sutton Real Estate Companies	East Lake Commons Mixed-use Redevelopment	Sutton Real Estate Companies plans to demolish the Midtown Plaza shopping center in downtown Oswego to construct a new mixed-use property to be called East Lake Commons. The new building will include mixed-income apartment units, and retail, commercial and office space, along with parking for residents and visitors.	ESD Grants	\$800,000
83319	Oswego	Town of Sandy Creek	Town of Sandy Creek North Sandy Pond Shoreline Restoration	The Town of Sandy Creek will use nature-based methods and materials to restore the shoreline of North Sandy Pond by: reducing the size of a sandy shoal that partially blocks water exchange between Lake Ontario and North Sandy Pond; and restoring a barrier beach. The project's benefits include sheltering wetlands and shoreline properties, increasing shoreline resilience from storms, and improving the water quality of North Sandy Pond, including a possible decrease in harmful algal blooms.	DEC WQIP NPS	\$320,000
80524	Oswego	Town of Williamstown	Town of Williamstown Salt Storage	The Town of Williamstown will construct a salt storage facility to store the existing exposed salt pile adjacent to the town highway garage. The new facility will protect the drinking water wells for a nearby municipal building (which houses a daycare facility), and the nearby American Legion building. The facility will prevent salt contamination of nearby surface waters, drinking water wells, and groundwater.	DEC WQIP Salt	\$214,600
82397	Oswego	Village of Central Square	Village of Central Square Wastewater Treatment Plant Disinfection Study	The Village of Central Square will complete an engineering report to evaluate disinfection alternatives at their wastewater treatment plant.	DEC EPG	\$18,800
82688	Oswego	Village of Pulaski	Pulaski Main Street Revitalization	The Village will assist in the renovation of mixed-use properties in the Village's downtown area.	HCR NYMS	\$302,438

Central New York

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82139	Oswego	Village of Pulaski	Village of Pulaski Sidewalks	The Village of Pulaski will construct 1,584 feet of sidewalk along US Highway 11 to provide pedestrian access from the village to the high school, day care center, a proposed assisted living facility, and two apartment buildings. There are currently no sidewalks connecting these areas, and walking along the busy roadway is unsafe. The sidewalks will provide an alternative means of travel and result in a decrease of vehicle miles traveled and greenhouse gas emissions.	DEC CSC	\$653,500
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	\$3,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$35,000,000
		NYSERDA Energy Efficiency Projects	19 Energy Efficiency Projects Submitted	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The Commercial New Construction Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	NYSERDA EE

81205	Montgomery	Montgomery County	Montgomery County Kayak Share Project	Montgomery County will work cooperatively with Fonda, St. Johnsville, Canajoharie, and Amsterdam to create recreational opportunities along the Mohawk River by installing long and short-term kayak storage and an ADA accessible floating launch. The project will also include the development of the Ticket to Paddle Program; Water Trail Ambassadors Program and a Water Trail Signage Plan for Montgomery County. This project will further implementation of the Amsterdam and Western Montgomery LWRPs.	DOS LWRP	\$148,740
80307	Montgomery	Montgomery County	Montgomery County Microenterprise Assistance	Funds will be used to assist in the establishment of the Montgomery County Microenterprise Assistance Program.	HCR CDBGME	\$200,000
83088	Montgomery	Montgomery County Business Development Center	Chalmers Mill Riverfront Civic Space	This project, a key component of a \$30 million brownfield revitalization development, will build an elevated pedestrian boardwalk and community space adjacent to the Erie Canal in Amsterdam. It will connect the Mohawk Valley Gateway Overlook to the downtown business district and Amsterdam's historic South Side neighborhood. The boardwalk will reorient residents and visitors to the impact the Erie Canal had on the region and highlight the Mohawk River as a beautiful, natural amenity.	Canals	\$150,000
80315	Montgomery	Town of Amsterdam	Town of Amsterdam Salt Storage	The Town of Amsterdam will construct a salt storage facility at the town facilities site on Manny's Corner's Road for the existing salt pile to be relocated. The new facility will be located further away from a municipal drinking well and nearby waterbodies in an effort to prevent contamination as a result of rain and snowmelt events.	DEC WQIP Salt	\$203,580
80594	Montgomery	Village of Fort Plain	Village of Fort Plain Sewer Line Improvements	Funds will be used to replace deteriorated sewer lines and related sewer system work.	HCR CDBGPIPF	\$750,000
84179	Montgomery, Otsego, Schoharie	Schoharie River Center, Inc	Art in Public Places: Framing Art and Nature	"Building Connections" with the Earth is a year-round program making connections and showcasing the natural environment of the Mohawk Valley. The program includes workshops for the building trades of timber framing, dry stone construction, and blacksmithing, and a festival of fishing art and lore.	Arts ACIP	\$25,000
81747	Oneida	City of Rome	James Street Canal Overlook	The City of Rome will design and build an overlook on the Erie Canal at South James, implementing the City's Urban Design Plan and its Brownfield Opportunity Area Plan. The overlook will feature fishing access, shade trees, seating, wayfinding and signage. The project is the first phase of the City's planned waterfront improvements stretching eastward to Erie Boulevard.	DOS LWRP	\$502,000
83097	Oneida	City of Utica	One World Pathways and Public Realm Project	The City of Utica will use GIGP funds to install porous pavement, bioretention, rain gardens and street trees as part of the One World Utica Pathways and Public Realm project.	EFC GIGP	\$623,000
84050	Oneida	Griffiss Local Development Corporation	Mixed Use Development for former B240 site	Griffiss Local Development Corporation will construct a mixed-use, commercial-residential building on the former B240 site at Griffiss Business and Technology Park 825 Parkway.	ESD Grants	\$1,250,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83968	Oneida	GSCB, LLC	Utica Steam Cotton Factory Historic Mixed-use Redevelopment Project	The Utica Steam Factory Building Project, is a historic preservation, mixed-use, downtown project, located on the west side of the proposed new Utica Hospital Campus. The 90,000 square foot vacant structure will be transformed into a mixed-use facility with residential units as well as commercial and retail space expanding the economic impact of the new hospital.	ESD Grants	\$750,000
80365	Oneida	Harts Hill Inn	Harts Hill Inn Vineyard	The Harts Hill Vineyard project encompasses a systematic overhaul of the existing banquet facilities located in Whitesboro, NY. The project will include the induction of a vineyard to develop an agri-business climate while producing its own brand of wine.	ESD Grants	\$240,000
80786	Oneida	Kids Oneida Inc.	Utica Childrens Museum Relmagedin	Kids Oneida will use the funds to relocate and renovate the Utica Children's Museum, in order to establish itself as a premier tourist destination, thereby increasing visitation to this tourism attraction and the overall region.	ESD MNY	\$627,600
81850	Oneida	Kirkland Art Center	Workforce Expansion	The Kirkland Art Center will hire a new, part-time Development Director to execute a comprehensive giving program that will support the KAC's mission.	Arts WIP	\$25,000
81966	Oneida	Munson-Williams-Proctor Arts Institute	503 Henry Street Project	Munson-Williams-Proctor Arts Institute will use funds to create a reuse study for property located at 503 Henry Street, Utica.	HCR NYMS	\$16,530
83698	Oneida	Munson-Williams-Proctor Arts Institute	Hot Glass Roadshow	Munson-Williams-Proctor Arts Institute will host The Hot Glass Roadshow from August 1 to 11, 2019. This fully functioning state-of-the-art glassmaking studio on wheels will showcase a team of master glassmakers providing a wide array of free programs customized to engage all facets of our community.	Arts ACIP	\$40,681
80166	Oneida	Munson-Williams-Proctor Arts Institute	Louis Comfort Tiffany: Treasures from the Dreihaus Collection	Munson-Williams-Proctor Arts Institute will use grant funds to support an expanded marketing plan for the exhibition of "Louis Comfort Tiffany: Treasures from the Dreihaus Collection," on view from June 15, 2019 through September 1, 2019 at MWPAI Museum of Art in Utica.	ESD MNY	\$78,327
81276	Oneida	Resource Center for Independent Living, Inc.	Resource Center for Independent Living Relocation	The Resource Center for Independent Living (RCIL), Inc. is moving into the former Boston Store location on the corner of Genesee and Oriskany Streets across from Bagg's Square. Additional staff will be hired so that the organization can continue to provide supports and services to individuals with disabilities across the region.	ESD Grants	\$300,000
81743	Oneida	Rome YMCA	Rome Family YMCA Capital Development Project	The 147 year old Rome YMCA will construct a \$12.3 Million, 62,000 square foot Family YMCA facility near the Griffiss Park and relocate to the new facility.	ESD Grants	\$2,000,000
81596	Oneida	The Fountainhead Group, Inc.	Fountainhead Expansion - New Distribution Center	Fountain Group a manufacturer of sprayers for lawn and garden, and firefighting will construct a 200,000 square foot warehouse and 20,000 square feet of administrative offices, freeing up 80,000 square feet to expand the manufacturing operation.	ESD Grants	\$2,400,000
82134	Oneida	Town of Florence	Town of Florence Salt Storage	The Town of Florence will construct a new salt storage facility to relocate their existing uncovered salt pile at their highway department property. The new facility will prevent the salt from being exposed to weather, and will protect nearby drinking wells and a stream from potential salt contamination.	DEC WQIP Salt	\$179,400

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
81804	Oneida	Town of Trenton	Trenton Town Park Accessibility Project	The Town of Trenton will update antiquated playground equipment, adding features to enhance accessibility. Two ADA compliant parking spaces will be added next to the main pavilion and paved paths constructed that will connect the parking/pavilion area to key park amenities, such as the playground, restrooms, basketball court and swim beach.	OPRHP PKS D	\$151,390
83775	Oneida	United Way of the Valley and Greater Utica Area Inc.	Extended Child Care Initiative	The 24 hour day care center will help eliminate the barriers of poverty by allowing parents to attain educational goals and seek better paying jobs and be able to work second and third shift jobs with out worrying about the high costs of childcare and transportation.	ESD Grants	\$100,000
83330	Oneida	Village of Boonville	NY Main Street Boonville 2018	The Village will assist in the renovation of mixed-use properties in the Village's downtown area.	HCR NYMS	\$138,121
84256	Oneida	Village of Boonville	Village of Boonville Infiltration and Inflow Study	The Village of Boonville will complete an engineering report to identify/isolate areas within the wastewater collection system that are excessive sources of infiltration and inflow, and recommend a sewer rehabilitation program.	DEC EPG	\$30,000
82770	Otsego	AO Fox Hospital	Oneonta VA Outpatient Clinic	AO Fox Hospital is partnering with the Office of Veteran Affairs to provide a state-of-the-art Community Based Outpatient clinic. The clinic will maximize the delivery of comprehensive health care, by coordinating prime and specialty care services through the incorporation of telemedicine and access to outpatient services and physical rehabilitation space.	ESD Grants	\$100,000
81694	Otsego	Center for Agricultural Development and Entrepreneurship	Vision 2050	CADE will undertake a research study to inform the creation and adoption of a 30-year, multi-stakeholder Comprehensive Plan for NYS Agricultural Development that generates near and long term jobs and economic opportunity in the food sector, transforms the food supply chain, and sets NYS on course to be the Northeast's leading foodshed by 2050. Research to be undertaken with SUNY Cobleskill, Cornell University, Cornell Small Farms Program, and CCEs.	ESD SPFS	\$100,000
81960	Otsego	City of Oneonta	City of Oneonta Microenterprise Assistance	Funds will be used to assist in the establishment of the City of Oneonta Microenterprise Assistance Program.	HCR CDBGME	\$200,000
82388	Otsego	City of Oneonta	City of Oneonta Upper Reservoir Improvements	Funds will be used to repair the Upper Reservoir Dam, bringing it into compliance with NYS DEC requirements.	HCR CDBGPIPF	\$631,000
84056	Otsego	Fenimore Art Museum	Rock & Roll Icons Exhibition and Celebrity Programming	Fenimore Art Museum in Cooperstown will use grant funds for strategic branding and marketing initiatives to promote a major rock & roll exhibit, featuring photographic portraits of the biggest rock stars of the 20th century, and to publicize live concerts, film screenings, and talks from music industry insiders, further establishing the museum as a key destination for visitors to Central New York. CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
84702	Hamilton	Adirondack Historical Association	Workforce Training and Development Programs	The Adirondack Experience will provide six summer fellowships for college students of color interested in exploring museum careers. The fellows will learn about ADKX operations and also visit other area museums. Adirondack Diversity Solutions will provide recruiting and mentoring assistance.	Arts WRP	\$59,250
80889	Hamilton	Town of Long Lake	Town of Long Lake Comprehensive Plan	The Town of Long Lake will develop a 20 year comprehensive plan to help guide economic development and eliminate barriers to growth in the area.	ESD SPFS	\$35,000
80843	Jefferson	Acadia Energy	Acadia Energy, Paddy Hill hydroponic farm	Acadia Energy will create an indoor vertical farm, by reusing waste heat and carbon dioxide from the Paddy Hill Energy Complex, to grow hydroponic, organic produce.	ESD Grants	\$415,000
81368	Jefferson	Carthage Area Hospital	New Hospital Facility	Carthage Area Hospital will consolidate two of its outpatient clinic facilities, administration building, and hospital by constructing a new medical campus. Designed to address significant rural area access challenges, the Medical Village is a one-stop medical facility with access to all levels of medical care. Carthage Area Hospital is one of several that services Fort Drum, New York's largest single site employer.	ESD Grants	\$3,000,000
80265	Jefferson	Jefferson Community College	Campus Green Revitalization Project	Jefferson Community College will use GIGP funds to transform the main entryway to campus. The installation of bioretention medians and porous roadway shoulders will improve the water quality of the Black River.	EFC GIGP	\$880,000
80266	Jefferson	Jefferson Community College	North Country Construction Training	Jefferson Community College will provide two industry-recognized credential trainings from the National Center for Construction Education and Research (NCCER).	DOL UWT	\$100,000
79981	Jefferson	Jefferson County Historical Society	Paddock Mansion Roof Replacement	The Jefferson County Historical Society will replace the roof on the Paddock to restore the look of the building when it was completed in 1878.	OPRHP HP D	\$500,000
82213	Jefferson	Thousand Islands Land Trust	Thousand Islands Shoreline Conservation Land Acquisition for Source Water Protection Project	Thousand Island Land Trust will place perpetual conservation easements on six parcels totaling 310+ acres of undeveloped habitat and three miles of vegetated shoreline and riparian habitat in the Town of Clayton. This project will protect riparian vegetation, natural shoreline, and the surface water quality of the St. Lawrence River.	DEC WQIP SWP	\$555,771
82180	Jefferson	Thousand Islands Land Trust	Zenda Farms Preserve Dairy Barn Revitalization	The Thousand Islands Land Trust (TILT) will begin a planning phase to assess and develop plans for the Revitalization of the Dairy Barn at Zenda Farms Preserve and create land-use plans for the surrounding campus. The goal is to develop a community space that provides opportunities for agricultural exhibits and demonstrations and supports environmental and agricultural programming.	OPRHP PKS P	\$40,025
83241	Jefferson	Town of Cape Vincent	Town of Cape Vincent Sewer District 1 Study	The Town of Cape Vincent will complete an engineering report to study the benefits of a public sewer system and determine the most feasible options for both residents and businesses.	DEC EPG	\$30,000
84675	Jefferson	Town of Orleans	Town of Orleans LaFargeville Sewage Treatment Facility Disinfection Study	The Town of Orleans will complete an engineering report to evaluate the most cost effective disinfection method for the wastewater treatment plant.	DEC EPG	\$30,000

North Country

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83556	Jefferson	Town of Pamela	Town of Pamela Sewer System Study	The Town of Pamela will complete an engineering report to evaluate the existing sewer collection infrastructure to identify aspects of the pump station that need repair and/or replacement, and the feasibility of public sewers in the town.	DEC EPG	\$30,000
81223	Jefferson	Town of Theresa	Town of Theresa Salt Storage	The Town of Theresa will build a new salt storage facility at the town's highway department. The new facility will prevent contamination of groundwater wells in the area.	DEC WQIP Salt	\$325,000
83666	Jefferson	Village of Adams	Village of Adams Water Pollution Control Facility Disinfection	The Village of Adams will install new disinfection equipment and make other improvements at its water pollution control facility and collection system. The outcome of this project will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$1,000,000
83001	Jefferson	Village of Clayton	Village of Clayton Infiltration and Inflow Study	The Village of Clayton will complete an engineering report to assess the condition of the wastewater collection system and identify sources of infiltration and inflow, enabling the village to prioritize repairs to remove the extraneous flows.	DEC EPG	\$100,000
84673	Jefferson	Village of Dexter	Village of Dexter Wastewater Treatment Plant Disinfection Study	The Village of Dexter will complete an engineering report to evaluate alternatives for the addition of final disinfection to the wastewater treatment plant effluent.	DEC EPG	\$30,000
84333	Jefferson	Village of Evans Mills	Village of Evans Mills Wastewater Treatment Plant Study	The Village of Evans Mills will complete an engineering report to review the existing wastewater treatment plant for upgrades and evaluate alternatives for the addition of disinfection. The evaluation will compare the costs of upgrades to the potential connection to a regional sewer line that serves Fort Drum.	DEC EPG	\$30,000
81988	Jefferson	Watertown Family YMCA	New Downtown YMCA Community Center	The Watertown family YMCA will construct a new Community Center in the heart of downtown. The new Center will allow the Y to expand its programming and services to support local families in the community.	ESD Grants	\$2,133,000
82571	Lewis	Lewis County	Lewis County Microenterprise Assistance	Funds will be used to assist in the establishment of the Lewis County Microenterprise Assistance Program.	HCR CDBGME	\$200,000
83721	Lewis	Omniafiltra, LLC	Omniafiltra 2019 Capital	Omniafiltra will invest in production equipment that will result in improved energy efficiency and expand the range of product capability at the plant.	ESD Grants	\$114,000
82802	Lewis	The Nature Conservancy	Black River Valley Source Water Protection Land Acquisition for Source Water Protection Program	The Nature Conservancy will acquire land and conservation easements for up to five parcels in the Black and Mohawk River Watersheds that will protect and potentially restore riparian corridors and wetlands. This project will prevent streambank erosion and reduce sedimentation.	DEC WQIP SWP	\$537,543
80254	Lewis	Town of Martinsburg	Town of Martinsburg Hamlet of Glenfield Water District Improvements	Funds will be used to complete repairs to the existing water system within the Hamlet of Glenfield.	HCR CDBGPIPF	\$750,000
83009	Lewis	Town of Martinsburg	Town of Martinsburg Wastewater Collection and Treatment System Improvements Study	The Town of Martinsburg will complete an engineering report to assess the condition of the wastewater collection system and identify sources of infiltration and inflow and evaluate different disinfection alternatives at the wastewater treatment plant.	DEC EPG	\$30,000

North Country

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83193	Lewis	Village of Copenhagen	Village of Copenhagen Wastewater Treatment Plant Disinfection Study	The Village of Copenhagen will complete an engineering report to evaluate various improvements to the wastewater treatment and collection system, including disinfection alternatives, flow meter replacement alternatives, and infiltration and inflow investigations.	DEC EPG	\$22,900
80479	St. Lawrence	North Country Children's Museum	Workforce Expansion	The North Country Children's Museum will expand a part-time museum arts educator position to full-time. Through this project, NCCM will expand access to the arts for rural, low-income children and families.	Arts WIP	\$30,000
82002	St. Lawrence	Ogdensburg Bridge & Port Authority	Port of Ogdensburg Improvements	OBPA will expand the Port's dock, dredge a portion of the existing channel, and expand the dock wall by 100 feet. These improvements will allow two major cargo vessels to use the Port simultaneously. It will allow larger vessels to moor and result in the more efficient handling of cargo.	ESD Grants	\$940,000
81766	St. Lawrence	Town of Colton	Town of Colton Salt Storage	The Town of Colton will construct a new salt storage facility at the Town Highway Department site for relocation of the existing unprotected salt pile. The new storage facility will prevent contamination of the nearby Cold Brook (classified trout fishing stream) and nearby residential properties with private wells.	DEC WQIP Salt	\$421,500
83865	St. Lawrence	Town of Lisbon	Town of Lisbon Salt Storage	The Town of Lisbon will construct a salt storage facility behind the current Town Highway garage to house their existing unprotected salt pile. The new facility will prevent contamination of groundwater and residential drinking water wells, while also decreasing the loss of salt due to runoff.	DEC WQIP Salt	\$184,906
84299	St. Lawrence	Town of Lisbon	Town of Lisbon Wastewater Treatment Plant Disinfection	The Town of Lisbon will install a disinfection system at their wastewater treatment facility. The outcome will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WWT	\$274,500
83878	St. Lawrence	Traditional Arts In Upstate New York Inc.	Barn Quilt Tourism in St. Lawrence County	"4x4 Salons" are a series of events in St. Lawrence County bringing artists working in different media together with residents to explore questions of place and identity through public barn quilts, which will create a focus for tourism in the county.	Arts ACIP	\$45,000
80572	St. Lawrence	Village of Canton	Village of Canton Grasse Apt Elevator ADA Compliance	Funds will be used to modernize two, 39-year-old elevators in the Canton Housing Authority's(CHA's) 7-story 50-unit high-rise, the Grasse River Apartments.	HCR CDBGPIPF	\$300,000
80017	St. Lawrence	Village of Potsdam	Village of Potsdam Infiltration and Inflow Study	The Village of Potsdam will complete an engineering report to assess the general conditions of the sewer collection system and identify primary sources of extraneous flows.	DEC EPG	\$100,000
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	\$6,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$30,000,000

80610	Albany	City of Albany	Lincoln Park Pool Design Project	The City of Albany will design, plan and permit the total replacement of the historic Lincoln Pool. The new pool will bring back to life the City's 1930 historic resource. This pool is a recreational resource, a historic asset, and an economic driver, not only to the City, but the whole Capital Region.	OPRHP PKS P	\$262,500
84428	Albany	City of Albany	The Skyway Arrival	The City of Albany will design and construct the Skyway Arrival, an essential phase of the conversion of an underutilized northbound exit ramp from I-787 to Clinton Avenue to the Region's first and only highline park – The Skyway. This dynamic gateway element will include a decorative shade structure, distinctive pavers, and a seat wall to create a highly visible, iconic arrival to the Skyway to maximize use and impact of this transformational project.	OPRHP PKS D	\$200,000
82699	Albany	City of Cohoes	Hudson River Waterfront Park Design	The City of Cohoes will advance its Urban Waterfront Rediscovery Plan goal of creating waterfront access by designing a new public park on Van Schaick Island along the Hudson River. The park will feature a boat launch, docking, greenspace, seating, lighting, shoreline stabilization, parking and a pathway connecting to the Black Bridge Trail.	DOS LWRP	\$79,000
82751	Albany	City of Watervliet	Hudson Shores Park Shoreline Stabilization & Improvements	The City of Watervliet will implement a recommendation of their 2006 Local Waterfront Revitalization Program by making improvements to their nine-acre Hudson Shores Park. The project will include shoreline stabilization, management of invasive species and installation of native plantings, construction of ADA-accessible trails, riverfront access improvements, an amphitheater, and installation of new playground equipment and benches.	DOS LWRP	\$511,700
83215	Albany	Met Weld International, LLC	Lean Manufacturing Training	Met Weld International, LLC will provide the following trainings: Operations Management, Lean Manufacturing, Supervision and Management, Quality Management, and Six Sigma.	DOL EET	\$80,000
83311	Albany	Metro Atlantic Athletic Conference	Hudson Valley Esports Invitational and Expo	The Hudson Valley Esports Invitational and Expo will make the Capital Region a national destination for up-and-coming professional gamers and solidify the region as a video-gaming hub for developers and players alike.	ESD MNY	\$152,168
81341	Albany	Palace Performing Arts Center, Inc.	Palace Theatre Renovation and Revitalization Project	The Palace Theatre Renovation & Revitalization project will use funds to help make all auditorium, stage, education, and administrative spaces in Albany's historic Palace Theatre fully accessible to visitors, students, staff, and artists of all physical abilities for the first time.	Arts ACFIP	\$360,000
83836	Albany	Preservation League of New York State	Rehabilitation of 44 Central Avenue	The Preservation League of NYS will address structural deterioration, water infiltration, and areas of damaged and missing exterior brick masonry at its historic headquarters building. The work will also include making the first floor meeting space accessible to wheelchairs to allow greater public access.	OPRHP HP D	\$250,000

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82825	Albany	Redburn Development	Kennedy Garage Netzero	The project will revitalize a four-story parking garage, currently in very poor condition. In addition to maintaining the existing parking spaces, this mixed-use project will convert eight offices into four two-story apartments and add an additional 22 residential units on the fourth floor and rooftop. The building will meet Net Zero Energy performance through solar energy, battery storage, heat retention, and energy efficient appliances. The project is in a designated Opportunity Zone census tract.	NYSERDA NZEED	\$1,010,202
84249	Albany	The Case Group, LLC	Advanced Manufacturing Product Development	This investment will enable Case to create jobs for individuals with a range of skillsets and expand into new markets for custom-manufactured wood, metal and composite windows, doors and facades.	ESD Grants	\$500,000
82785	Albany	The Sage Colleges	Opalka Gallery	In-faux-structure is an ambitious public art exhibition in the public space surrounding Opalka Gallery at Sage College of Albany. Featuring site-specific artwork by 10 regional artists, the show and surrounding programs will examine gender as it relates to infrastructure and the built environment.	Arts ACIP	\$25,000
80126	Albany	Town of Bethlehem	Town of Bethlehem Microenterprise Program	Funds will be used to assist in the establishment of the Town of Bethlehem Microenterprise Assistance Program.	HCR CDBGME	\$200,000
81218	Albany	University at Albany	ETEC Green Infrastructure Project	The University at Albany will use GIGP funds to construct a green roof on top of its new Emerging Technology and Entrepreneurship Complex (ETEC) building.	EFC GIGP	\$220,000
82375	Albany	Village of Ravena	Green Infrastructure Practices Project	The Village of Ravena will turn a portion of an existing parking lot into a park. The removal of impervious surfaces will allow for the creation of a park that will contain bioretention areas and the daylighting of a portion of the Hannacroix Creek.	EFC GIGP	\$375,000
82900	Albany, Columbia, Rensselaer, Saratoga, Schenectady	Albany Symphony	Speak Up Festival	The Albany Symphony will present a major national music festival, "Sing Out, Justice!", and a regional tour of free, outdoor concerts in an uplifting celebration of the Stonewall uprising, 2019 World Pride, and the Women's Suffrage Movement. The festival will amplify the larger story of New York's leading role in championing civil liberties from the 19th century to the present.	ESD MNY	\$250,000
82900	Albany, Columbia, Rensselaer, Saratoga, Schenectady	Albany Symphony Orchestra, Inc.	Speak Up Festival	"Sing Out, Justice!": In June 2019, the Albany Symphony will present a major national music festival and regional tour of free outdoor concerts celebrating women's suffrage to Stonewall 50, telling the larger story of New York's leading role in championing civil liberties through new musical works.	Arts ACIP	\$49,500
83184	Albany, Columbia, Rensselaer, Saratoga, Schenectady	Media Alliance, Inc.	Spirit of the Suffragettes 2019	Spirit of the Suffragettes is a concert series and Community Resource Fair showcasing female and gender nonconforming musicians at Freedom Square, addressing gender imbalance in festivals and in the arts, as well as disparities that women (especially in low-income communities) face today.	Arts ACIP	\$49,500

80890	Orange	The Thornwillow Institute	Thornwillow Makers Village	Thornwillow Institute will invest to establish Thornwillow Makers Village, a destination for craft and artisanal production in the City of Newburgh. The project will include the renovations of historical properties to create studios, an art gallery, and public bookstore and cafe. The ground floor will include a teaching lab for training on bookbinding, master classes and work with local institutions. The second floor will house apartments for individuals participating in fellowship programs.	ESD Grants	\$400,000
83064	Orange	Town of New Windsor	Town of New Windsor Infiltration and Inflow Study	The Town of New Windsor will complete an engineering report to identify and suggest improvements to infiltration and inflow in portions of the sanitary collection system.	DEC EPG	\$100,000
84451	Orange	Town of Wallkill	Town of Wallkill Hulse Avenue Sanitary Sewer Overflow Elimination	The Town of Wallkill will eliminate sources of infiltration and inflow in its sewer system and reduce sewer overflows on Hulse Avenue by repairing sewer pipes and manhole linings. This project will reduce nutrients entering the Wallkill River, including phosphorus that may lead to harmful algal blooms.	DEC WQIP WWT	\$210,000
80188	Orange	Village of Kiryas Joel	Village of Kiryas Joel Microenterprise Assistance	Funds will be used to assist in the establishment of the Village of Kiryas Joel Microenterprise Assistance Program.	HCR CDBGME	\$200,000
81702	Orange	Village of Maybrook	Maybrook Pedestrian Railroad Tunnel	The Village of Maybrook will evaluate the feasibility of refinishing and modernizing a pedestrian tunnel that will connect the downtown area to the new Galaxy Industrial Park, creating a link between where people will live, work, and play, and allowing them easy access to walk or bike to work. Additionally, the tunnel will eliminate pedestrian and bicycling traffic from crossing an active rail line.	ESD SPFS	\$25,000
84350	Orange	Village of Maybrook	Village of Maybrook Wastewater Treatment Plant Disinfection Study	The Village of Maybrook will complete an engineering report to evaluate disinfection alternatives at their wastewater treatment plant.	DEC EPG	\$24,000
80886	Putnam	Hudson Highlands Land Trust, Inc.	Putnam Valley Land Acquisition	Hudson Highlands Land Trust will purchase and conserve 118+ acres of woodlands, streams and hiking trails in Putnam Valley, expanding recreational opportunities for residents and visitors. This land will help connect Clarence Fahnestock Memorial State Park and Granite Mountain Preserve and will create a larger, contiguous accessible recreation area to attract more visitors and visitor spending to Putnam Valley and Putnam County.	OPRHP PKS A	\$250,000
84792	Putnam	Town of Philipstown	Consumption Based GHG Emissions Inventory	The Town of Philipstown will inventory greenhouse gas (GHG) emissions through a consumption-based inventory. Consumption-based GHG inventories trace goods and services to their source and provide a higher level of detail than standard GHG inventories. The town will use these data and analysis to set emission reduction targets in its climate action plan.	DEC CSC C	\$9,670
80041	Putnam	Town of Philipstown	Town of Philipstown Climate Smart Communities Campaign	The Town of Philipstown will complete several certification actions, including climate smart resiliency planning, as part of moving toward designation as a Certified Climate Smart Community. The goal of the project is to gather information about the best strategies for mitigating the town's contribution to climate change and for adapting the community to the inevitable effects of a changing climate.	DEC CSC C	\$6,000

Mid-Hudson

82893	Rockland	901 D, LLC	Lean Manufacturing Training	901 D, LLC will provide training in Lean Manufacturing – Waste elimination, Safety, Mapping, Quality, Cellular Manufacturing.	DOL EET	\$32,000
84034	Rockland	Caribbean Food Delights, Inc.	Caribbean Food Delights Expansion	Caribbean Food Delights, Inc., a leading Caribbean frozen food manufacturer of Jamaican Style Patties, will be expanding its current manufacturing facility to accommodate two additional food manufacturing lines. The expansion will add second floors and two production lines to the current facility. This project also includes the purchase of machinery and equipment for the food manufacturing line.	ESD Grants	\$2,250,000
84034	Rockland	Caribbean Food Delights, Inc.	Caribbean Food Delights Expansion	Caribbean Food Delights, Inc., a leading Caribbean frozen food manufacturer of Jamaican Style Patties, will be expanding its current manufacturing facility to accommodate two additional food manufacturing lines. The expansion will add second floors and two production lines to the current facility. This project also includes the purchase of machinery and equipment for the food manufacturing line.	ESD EJP	\$500,000
81817	Rockland	Chromalloy Gas Turbine LLC	Lean Manufacturing Training	Chromalloy Gas Turbine LLC will provide training in Lean Manufacturing, Supervision, Customer Service and Financial Planning & Control.	DOL EET	\$89,000
83292	Rockland	Jawonio Inc	Workforce Development Training	Jawonio Inc will provide two training opportunities: Green Commercial Cleaning and Direct Support Professional training.	DOL UWT	\$100,000
83743	Rockland	Pattern for Progress	Garner Historic District	Pattern for Progress is collaborating with GARNER Historic District in the Village of West Haverstraw to create a Strategic Plan for the completion of an adaptive reuse project to transform an industrial complex into a Maker and Entertainment Village. The complex will accommodate dozens of new restaurants, retail, offices, art studios and galleries. The project will be a vibrant hub within the downtown and encourage surrounding development to create a vital urban center for the Village.	ESD SPFS	\$40,000
83908	Rockland	Rockland County Sewer District	County Sewer System Consolidation Study	The Town of Orangetown, the Town of Clarkstown, the Town of Stony Point, the Village of Suffern and the Rockland County Sewer District No. 1 will complete a study to identify specific financial opportunities and beneficial long-term regional partnerships that may result in countywide wastewater consolidation.	DOS LGE P	\$62,500
81538	Rockland	Rockland County Soil and Water Conservation District	Rockland County MS4 Mapping	The Rockland County Soil and Water Conservation District will expand the Stormwater Consortium of Rockland County's existing Municipal Separate Storm Sewer System (MS4) mapping program. All 24 of the regulated MS4 communities in Rockland County will participate. The project will help the communities enhance efficiency, monitoring, reporting, data collection and mapping of stormwater assets, and focus additional efforts on restoring and rehabilitating existing stormwater systems.	DEC WQIP MS4	\$400,000
83017	Rockland	Village of Haverstraw	Village of Haverstraw Hudson River Shoreline Improvements	The Village of Haverstraw will design and construct shoreline improvements adjacent to the former Chair Factory site along the Hudson River and Bowline Pond. The shoreline improvements include shoreline resilient designs to protect the site from erosion and allow for mixed-use, recreation and tourism based development. This project advances the Village's Local Waterfront Revitalization Program by supporting redevelopment of this underutilized waterfront property.	DOS LWRP	\$262,500

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83399	Rockland	Village of Nyack	Memorial Park, Village Marina Connection & Waterfront Pathway	The Village of Nyack, implementing its Local Waterfront Revitalization Program, will design and construct a walkway along the Hudson River connecting Memorial Park to the Village Marina. The walkway and related streetscaping improvements will link the Village's historic downtown to its waterfront and enhance waterfront access along the river. The Village will partner with a private developer who will contribute funding toward continuing the pedestrian pathway north of the marina.	DOS LWRP	\$401,700
83471	Rockland	Village of Piermont	Zoning and Building Code Update	The Village of Piermont will update their local zoning and building code to incorporate climate change resiliency and sustainability policies. The update will ensure the Village has the tools necessary to implement its Local Waterfront Revitalization Program and mitigate impacts of projected sea level rise on the Village's Hudson River shoreline and its incomparable shoreline assets.	DOS LWRP	\$60,000
82409	Sullivan	Bethel Woods Center for the Arts	Expanded Economic and Audience Capacity at Bethel Woods	Bethel Woods Center for the Arts, located at the historic site of the 1969 Woodstock festival, will develop destination camping to expand its capacity to accommodate current and new audiences; increase economic activity; encourage multi-day festival and events and improve access to its arts and heritage tourism venue.	ESD Grants	\$200,000
83519	Sullivan	River Main, LLC	Livingston Manor Main Street Redevelopment Project	The project includes the renovation and flood-proofing of two buildings on Main Street in Livingston Manor and connects Main Street to the new Livingston Manor Riverwalk. The buildings will be home to retail and manufacturing operations of Pennsylvania-based Black & Brass Coffee Roasting and to local firm Global Natural Foods. One building will also offer co-working space for entrepreneurial businesses.	ESD Grants	\$330,000
83142	Sullivan	Roscoe Central School District	Three School District Shared Services Implementation	Roscoe Central School District will work with the Downsville and Livingston Manor School Districts to implement recommendations of a recent shared services study. The three current focus areas will be in special education, facilities operations and maintenance, and data collection and management.	DOS LGE	\$594,000
80487	Sullivan	Sullivan County DPW	Hamlet of Kohlertown Flood Risk Reduction Project	Sullivan County will construct an overflow pipeline to alleviate repetitive flooding in the hamlet of Kohlertown. Excessive storm water flow to a tributary of the East Branch of the Callicoon Creek causes flooding of residences, businesses, and several roads in the in the area.	DEC CSC	\$934,084
80933	Sullivan	The Center for Discovery	The Research Institute for Brain and Body Health	The Center for Discovery will develop a new Research Institute for Brain & Body Health, part of a larger investment to transform a vacant property in Rock Hill into a state-of-the-art bio-behavioral and healthcare facility including a Children's Specialty Hospital and special education school program. Six laboratories will allow for pioneering studies in Autism Spectrum Disorders, medical frailties, Alzheimer's and dementia, and other chronic, complex conditions.	ESD Grants	\$1,000,000
83416	Sullivan	Town of Fallsburg	Mongaup Road Culvert Right Sizing	The Town of Fallsburg will replace an undersized culvert with two aluminum box culverts to reduce flood risk along a tributary to the East Mongaup River in Hurleyville.	DEC CSC	\$168,713

Mid-Hudson

81161	Sullivan	Town of Rockland	Livingston Manor Sewage Treatment Plant Disinfection Study	The Town of Rockland will complete an engineering report to review various disinfection alternatives at the Livingston Manor Wastewater Treatment Plant.	DEC EPG	\$24,960
83702	Sullivan	Town of Thompson	Town of Thompson Kiamesha Lake Sewer District Improvements Study	The Town of Thompson will complete an engineering report to evaluate the Kiamesha Lake wastewater treatment plant, including seasonal disinfection alternatives and existing plant conditions and improvements.	DEC EPG	\$30,000
83601	Sullivan	Town of Thompson	Town of Thompson Sackett Lake Sewer District Collection System Study	The Town of Thompson will complete an engineering report to evaluate the section of the Sackett Lake Sewer District's sewer main that appears to be contributing the majority of infiltration and inflow in the system.	DEC EPG	\$100,000
81137	Ulster	Ametek Rotron	Ametek Site Expansion	Ametek Rotron, an aerospace and defense manufacturing company will undertake infrastructure upgrades of electrical subsystems and design and creation of a new advanced manufacturing facility specilaizing in brushless electronics for conventional and military applications.	ESD Grants	\$424,000
81137	Ulster	Ametek Rotron	Ametek Site Expansion	Ametek Rotron, an aerospace and defense manufacturing company will undertake infrastructure upgrades of electrical subsystems and design and creation of a new advanced manufacturing facility specilaizing in brushless electronics for conventional and military applications.	ESD EJP	\$180,000
80825	Ulster	Arrowood Farms	Arrowood Farm Brewery Expansion Project	Arrowood Farms will expand production capacity, reduce product costs, and implement a marketing plan that will bring additional visitors to the farm. This will allow the business to meet increased demand, expand distribution and create new jobs.	ESD MNY	\$360,000
84481	Ulster	Bread Alone Bakery	Bread Alone Bakery Expansion	Bread Alone is expanding its Lake Katrine bakery, adding 15,000 square feet, expanding its campus, and positioning the bakery to sell more of its organic breads to their growing customer base. The expansion will increase production efficiencies and further Bread Alone's commitment to sustainable business operations, featuring LEED-certified construction and expanded use of renewable energy.	ESD Grants	\$800,000
83112	Ulster	Caraway Tea Company, LLC	Caraway Tea Phase 1 Expansion	The Caraway Tea Company, LLC, a private label tea manufacturer and co-packer will purchase a building to expand current operations as well as purchase new equipment.	ESD Grants	\$500,000
82726	Ulster	Center for Creative Education	Workforce Expansion	The Center for Creative Education will hire a full-time Administrative Assistant to work help manage our growing schedule of programs and enable us to better serve our community.	Arts WIP	\$42,000
82860	Ulster	City of Kingston	City of Kingston Hasbrouck Combined Sewer Overflow Improvements Phase 1	The City of Kingston will implement Phase I of their phased partial separation plan to separate portions of the public wastewater collection system. The project will reduce the Hasbrouck combined sewer overflows of untreated sewage to Rondout Creek, a tributary to the Hudson River, during storm events.	DEC WQIP WWT	\$600,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
81009	Ulster	City of Kingston	City of Kingston Pedestrian and Bicycle Master Plan	The City of Kingston will prepare a comprehensive city-wide pedestrian and bicycle master plan. The plan will inventory and assess all existing sidewalks and bike paths and perform an equity-demand analysis and a gap analysis to identify a cohesive non-motorized transportation network that, when completed, will link neighborhoods and business areas together, as well as to the Kingston Greenline and the Empire State Trail.	DEC CSC C	\$60,000
82859	Ulster	City of Kingston	Midtown Parking Lot Green Infrastructure Project	The City of Kingston will use GIGP funds to retrofit multiple parking lots with porous pavement, stormwater street trees, and bioretention. This project will serve as an extension of the Kingston Connectivity project in the Midtown business district.	EFC GIGP	\$1,200,000
82407	Ulster	City of Kingston	Safe and Accessible Flatbush and Foxhall Avenues	The City of Kingston will enhance the bicycle and pedestrian facilities along portions of Flatbush and Foxhall Avenues. Sidewalks, railroad crossing facilities, sidewalk ramps, painted crosswalks, driveway aprons, pedestrian waiting stations, and 56 street trees are included in the improvements. The project will increase safety along the corridor and at the railroad crossings, support an increase in non-motorized transportation, and connect low-income neighborhoods to commercial centers.	DEC CSC	\$772,752
82160	Ulster	CYRE, Inc.	CYRE, Inc. Expansion Project	The facility's underutilized storefront will be converted into Pika's Farm Table, a cafe named after CYRE's signature brand of Belgian inspired food that will also serve as a retail location for other local food companies. Renovations and upgrades to CYRE's food production facility will increase efficiency, production capacity, and food safety efforts.	ESD Grants	\$110,000
84604	Ulster	FALA Technologies, Inc.	FALA Toolmaker Equipment	FALA Technologies, Inc. will purchase manufacturing equipment to enable improvement of FALA Technologies production efficiency. Equipment will also serve as work stations for NYS certified toolmaker apprenticeship training.	ESD Grants	\$30,000
83920	Ulster	GoPal Farm, LLC	GoPal Farm Produce and Creamery Expansion Project	GoPal Farm, LLC, a biodynamic, no-kill dairy and fresh produce farm plans to rapidly expand its capacity to produce heirloom traditional ethnic fruits, vegetables and dairy products developed from heirloom seeds from India for all customers who are interested in foods produced for the traditional Indian diet.	ESD Grants	\$600,000
83920	Ulster	GoPal Farm, LLC	GoPal Farm Produce and Creamery Expansion Project	GoPal Farm, LLC, a biodynamic, no-kill dairy and fresh produce farm plans to rapidly expand its capacity to produce heirloom traditional ethnic fruits, vegetables and dairy products developed from heirloom seeds from India for all customers who are interested in foods produced for the traditional Indian diet.	ESD EJP	\$550,000
81613	Ulster	Hudson River Maritime Museum	Rondout Riverport Phase 2	The Hudson River Maritime Museum will enhance the visitor experience at the Riverport by making walkway improvements, improving energy efficiencies, adding solar capacity, improving the museum facade, grounds and streetscape and integrating connections to the Kingston Greenline and Empire State Trail.	OPRHP HAS D	\$430,000
80421	Ulster	Huguenot Historical Society, New Paltz, N.Y.	Historic Huguenot Street Master Site Plan	Historic Huguenot Street will develop a comprehensive master site plan that will improve guest experience, increase sustainability, diversify services offered to the community, and lead to greater economic benefit to the region.	ESD Grants	\$37,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
80395	Ulster	Mohonk Preserve, Inc.	Lenape Lane Bridge Replacement	Mohonk Preserve will replace the 92 year-old Lenape Lane Bridge, which is a key historic carriage road connection that crosses Butternut Road in New Paltz located near the base of the Shawangunk Ridge. The bridge is also part of the broader Mohonk Preserve Foothills Project and will complement a new trailhead at the picturesque Testimonial Gateway, providing another much needed access point for the more than 200,000 people who visit the Preserve each year.	OPRHP PKS D	\$181,500
81829	Ulster	North Street Brick Works, LLC	Hutton Brickyards Redevelopment Project - Phase Two	Phase Two of the Hutton Brick Yards Redevelopment Project will build upon the company's successful efforts over the last year to construct much-needed infrastructure at the long vacant former industrial site. Phase Two involves investment in the creation of a 30-unit boutique hotel, a commercial kitchen, 100 glamping sites, shoreline stabilization, a professional stage, and other enhancements that will make the property a tourism magnet.	ESD Grants	\$1,170,000
83938	Ulster	Open Space Institute	Minnewaska Visitor Center: Exhibits and Interpretation	The Open Space Institute will develop state-of-the-art exhibits, hands-on education stations, and place-based interpretative installations in the coming visitor center at Minnewaska State Park Preserve that will educate visitors on the park's unique natural features and rich history, provide much needed orientation, and support expansion of the park's public programs.	OPRHP PKS D	\$422,480
81957	Ulster	RUPCO, Inc.	The Metro Stockade Works & RUPCO Makers Space	RUPCO, Inc. will assist in the renovation of an old factory building into a film/TV production studio located at 2 South Prospect Street in Kingston.	HCR NYMS	\$339,334
80656	Ulster	Town of Esopus	Town of Esopus Local Waterfront Revitalization Program Amendment	The Town of Esopus will update their 1987 LWRP to establish a long term strategy for the continued protection of its Hudson River and Rondout Creek waterfronts. The LWRP update will identify policies and projects to revitalize hamlets, increase flood resiliency, improve waterfront access and connectivity, establish a marketing campaign for improved tourism and economic development and consider expanding the LWRP boundary to include the towns entire Rondout Creek and Wallkill River waterfronts.	DOS LWRP	\$75,688
81386	Ulster	Town of Marlborough	Milton Landing Pier	The Milton Landing Pier project restores a dilapidated deep water pier to active use for recreation, education and tourism, providing a new gateway to the region's many attractions in agritourism, wine and craft beverages, and arts and recreation. The goals are to improve quality of life, to increase tourism without adding to vehicular congestion or pollution, and to provide the infrastructure to support innovative new products and services.	ESD Grants	\$313,000
80612	Ulster	Town Wawarsing	Town Wawarsing Sewer Line Improvements	Funds will be used to complete Phase 6 of a project to reconstruct 7,837 LF of aging VCP sewer collection mains and manholes within the Napanoch Sewer District.	HCR CDBGPIPF	\$750,000
83911	Ulster	Village of Ellenville	Village of Ellenville Deteriorated Water Mains and Hydrants Replacement	Funds will be used to replace failing or inoperative hydrants, ineffective valves, and deteriorated water mains.	HCR CDBGPIPF	\$750,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
83793	Ulster	Village of Ellenville	Village of Ellenville Nevele Area Sanitary Sewer Study	The Village of Ellenville will complete an engineering report to identify instances and causes of infiltration and inflow within the Nevele area of the sewer collection system, and provide rehabilitation recommendations.	DEC EPG	\$30,000
80525	Ulster	Village of New Paltz	Village of New Paltz Sewer Line Upgrades	Funds will be used to replace and reline sewer mains and replace manholes identified as deficient by a DEC Engineering Planning Grant and DEC Consent Order.	HCR CDBGPIPF	\$750,000
81327	Ulster	Wildberry Lodge LLC	The Wildberry Lodge and Spa	Turk Hospitality Group plans to construct and operate The Wildberry Lodge & Spa—a world-class themed hotel with spa and wellness, event and catering facilities on a 57-acre vacant property in New Paltz, Ulster County. Once completed, Wildberry Lodge will be a first-class recreational tourism venue in the Hudson Valley.	ESD Grants	\$1,250,000
80938	Westchester	Bre & Co.	Bre & Co. Peekskill	Bre & Co. will implement an entrepreneurial hub within a larger arts and maker campus, creating new technology, arts, and creative jobs along the City of Peekskill waterfront and sparking new commercial vitality in the mid-Hudson valley.	ESD Grants	\$480,000
83708	Westchester	City of Rye	City of Rye Sanitary Sewer Overflow Improvements	The City of Rye will improve its sewer system by replacing 500 linear feet of sewer along Midland Avenue, lining 350 feet of sewer along Highland Road, replacing a sewer main and force main from the Brevoort Lane Pump Station, constructing a new pump station, and repairing other sewer lines and manholes in identified areas. This project will reduce the amount of untreated wastewater entering Long Island Sound during storm events.	DEC WQIP WWT	\$3,964,500
82179	Westchester	City of Yonkers	Saw Mill River Daylighting Phase 4	The City of Yonkers will use GIGP funds for the continued daylighting of the Saw Mill River and to install porous pavement, bioretention and street trees along an adjacent city street.	EFC GIGP	\$1,250,000
80340	Westchester	Greyston Bakery Inc.	Lean Manufacturing Training	Greyston Bakery Inc. will provide existing employee training in various operational areas including: Lean Manufacturing, Supervision/ Management, and Customer Service.	DOL EET	\$50,500
80555	Westchester	Greyston Foundation	Greyston Capital Improvements	Greyston Foundation, a cutting-edge social enterprise focused on business as a force for good, is looking to invest in a capital improvement project to repair and refurbish its 21-23 Park Avenue campus in the City of Yonkers. Greyston will use this space to expand its job creation programs and create an event space. The capital project involves upgrading the commercial kitchen and renovating all buildings for safety.	ESD Grants	\$1,071,000
81848	Westchester	Jacob Burns Film Center	Jacob Burns Film Center Capital Improvements Project	The Jacob Burns Film Center, located in Pleasantville, will carry out capital improvements to the original footprint of the historic cinema complex. As an economic and cultural anchor, these upgrades allow the theater to maintain a competitive edge and provide employment for 150 people.	Arts ACFIP	\$506,500
67096	Westchester	Lyndhurst	Defying Labels: Lyndhurst Marketing Plan	Lyndhurst, a site of the National Trust for Historic Preservation, will launch a comprehensive marketing plan to promote the State-funded restoration of its historic lower landscape. Opening events will highlight philanthropist Helen Gould and Madam C. J. Walker's efforts to empower immigrant women and women of color with economic independence in the early 20th century.	ESD MNY	\$87,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
82814	Westchester	MatriArch Development Company	101 Wolfs Lane Mixed Use TOD	101 Wolf's Lane is a smart growth transit-oriented development, mixed-use building containing commercial/retail space, a parking garage and 58 residential units (5% affordable). The building will utilize energy efficiency design and construction features and install renewable energy systems to achieve Net Zero Energy performance. The project is located in a community that has applied to their REDC for the Downtown Revitalization Initiative program.	NYSERDA NZEED	\$1,092,000
67096	Westchester	National Trust for Historic Preservation in the US	Defying Labels	Lyndhurst will open its historic natatorium for a public art installation by contemporary artist Jorge Otero-Pailos, who will create an enormous latex cast of accumulated dust from the surface of the decaying swimming pool and suspend it from the ceiling of the pool building's cavernous interior.	Arts ACIP	\$35,000
82684	Westchester	Peekskill Facilities Development Corporation	Monument Park Neighborhood Project	Peekskill Facilities Development Corporation will assist in the renovation of mixed-use properties in Peekskill's downtown area.	HCR NYMS	\$300,000
80510	Westchester	Regent Hospitality Linen	Regent Mt Vernon Laundry	Regent Mount Vernon Laundry, a women owned business, located in the City of Mount Vernon, will upgrade their existing industrial laundry facility with the installation of a Co-Generation/CHP system. The CHP system will allow for added energy usage efficiency by increasing heat recapture with electricity production, thereby cutting operational costs in utilities expenditures.	ESD Grants	\$250,000
83470	Westchester	Rye Town Park Commission	Rye Town Park Oakland Beach and Bath House ADA Improvements	The Rye Town Park Commission will upgrade the Rye Town Park and Orchard Beach complex so that the beach access ramps and gates as well as parking will be made ADA compliant. The pathway from the Bath House to the Promenade as well as the interior of the Bath House, the restrooms and the park offices serving the public, will be modified and constructed to be fully accessible.	OPRHP PKS D	\$300,000
80120	Westchester	Thompson's Ciders, LLC	Thompsons Cider Mill Expansion Project	Thompson's Cider Mill Expansion project will convert a vacant building in the City of Peekskill into a hard cider manufacturing facility, tasting room, and eventually, an event space.	ESD Grants	\$137,000
81813	Westchester	Town of Bedford	Bedford Hills and Katonah Sewer Project	The Town of Bedford will construct a sewage collection system consisting of six miles of sewer main and three sewage pump stations. This project will reduce the amount of nutrients entering the Upper New Croton Reservoir, a drinking water supply for New York City.	DEC WQIP WWT	\$1,000,000
82284	Westchester	Town of Cortlandt	Transit Oriented Development Feasibility Study	The Town of Cortlandt will complete a feasibility study of a proposed Transit Oriented Development district in the hamlet of Montrose in the vicinity of the Cortlandt Metro-North Station. The Town is looking to transform the area into a mixed-use community generating tax revenue through residential development, retail, recreation and offices uses all within walking distance of the Metro-North train station.	ESD SPFS	\$77,500
83063	Westchester	Town of Ossining	Climate Smart Communities Certification Actions	The Town of Ossining will complete two Climate Smart Community Certification actions: a comprehensive plan with sustainability elements and a plan for bicycling and walking. The bicycling and walking plan will be a chapter in the comprehensive plan and will build on the very successful Millwood-Ossining Go! Trail Plan.	DEC CSC C	\$100,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency / Program	Award
81231	Westchester	Untermeyer Gardens Conservancy, Inc.	Untermeyer Gardens Pool Restoration Planning Project	The Untermeyer Gardens Conservancy will hire a landscape architect to create design and construction documents for the rehabilitation of the historic pool at Untermeyer Park and Gardens as a shallow water-filled reflecting pool. The goal is to leave the existing pool floor and walls in place while the pool is lined and in-filled to a reduced depth, a concrete pad poured, and reproduction mosaic tile installed.	OPRHP HP P	\$50,000
82712	Westchester	Village of Buchanan	Wastewater Plant Improvement Study	The Village of Buchanan seeks to develop a plan for upgrades of the Village's Wastewater Facility that will meet all required NYS Department of Environmental Conservation and Westchester Board of Health levels and, once constructed, will attract business to the community.	ESD SPFS	\$40,000
84656	Westchester	Village of Port Chester	Climate Change Vulnerability Assessment and Adaptation Plan	The Village of Port Chester will develop a climate adaptation strategy for sea-level rise along the Byram River, which connects to Long Island Sound. A large portion of the Village lies within the river's 100-year floodplain; therefore, the focus of the strategy will be on retrofit and flood proofing of existing structures.	DEC CSC C	\$50,000
84625	Westchester	Village of Port Chester	Port Chester Waterfront Revitalization Project	The Village of Port Chester will transform its waterfront into the Byram River Waterfront Promenade, a multifaceted public space for creativity, collaboration, recreation, and civic engagement. This project will include pedestrian plazas, a pedestrian bridge, a kayak launch, and the construction of 140 new boat slips. In addition to infrastructure improvements, the Village is making improvements to sidewalks, pavers, lighting, trees, curbs, and traffic calming measures.	ESD Grants	\$980,000
84646	Westchester	Village of Port Chester	Village of Port Chester Sanitary Sewer Overflow Improvements	The Village of Port Chester will repair or replace 60,000 linear feet of damaged or defective sewer pipes at various locations to correct inflow and infiltration in the village wastewater system. This project will reduce the amount of nitrogen entering Byram River and the Long Island Sound.	DEC WQIP WWT	\$506,000
81365	Westchester	Village of Sleepy Hollow	Fremont Pond Water Quality Improvement	The Village of Sleepy Hollow will use a mix of green infrastructure and standard stormwater management practices to reduce the pollutants entering Fremont Pond. The project will improve the water quality of the pond and the Hudson River, into which the pond overflows.	DEC WQIP NPS	\$292,487
80428	Westchester	Village of Sleepy Hollow	Sleepy Hollow Commons	Sleepy Hollow Commons will transform the east parcel of the former General Motors site from a vacant, deteriorated industrial area at the village core to a public space connecting to local trail and transit. This phase of the development includes ground improvements, the installation of a stormwater corridor, roadway network, engineering and ground improvements for a vehicular/pedestrian bridge, and site-wide grading.	ESD Grants	\$1,580,000
84380	Westchester	Village/Town of Mount Kisco	Mount Kisco Pedestrian Access/Train Station Improvement	This project will provide east/west pedestrian access from the Maple Avenue Parking Lot on the west side of the Metro-North Harlem line tracks to the train platform as well as to the South Moger Parking Lot on the east side of the tracks at the southern end of the train platform.	ESD Grants	\$200,000

Mid-Hudson

83092	Westchester	Westchester Arts Council, Inc.	Amanda Browder at ArtsWestchester, Public Art in White Plains	Amanda Browder will create a monumental quilt-like textile sculpture with help from the residents of Westchester and Rockland counties. The playful temporary public artwork will encircle ArtsWestchester's headquarters, a nine-story landmarked building in White Plains.	Arts ACIP	\$49,500
81185	Westchester	Westchester County	Bronx River Watershed Management Plan Update	Westchester County in partnership with the Bronx River Watershed Alliance will undertake a collaborative, multi-jurisdictional planning process to update the Bronx River Intermunicipal Watershed Plan incorporating a climate resilience strategy. The updated plan will identify critical management strategies and recommendations that will lead to a healthier and more resilient watershed for residents and wildlife.	DOS LWRP	\$245,428
84038	Westchester	Westchester County	Playland Carousel Restoration	Westchester County will reconstruct the fire damaged 1928 Carousel building at the National Historic Landmark Playland Park in Rye. The unique octagonal building with a lamella roof houses the treasured 1915 Grand Carousel, one of only four in existence featuring hand-carved horses and chariots by famed carousel maker Charles Carmel.	OPRHP HP D	\$450,000
81959	Westchester	Westchester Land Trust, Inc.	Indian Brook Reservoir Land Acquisition for Source Water Protection Project	Westchester Land Trust will acquire a 25.6-acre parcel in the Town of Cortlandt where the Indian Brook runs through the property to Indian Brook Reservoir, a drinking water supply for the Town and Village of Ossining. Protection of this parcel will create a contiguous corridor of protected forest and wetland that serves as a buffer to the Indian Brook Reservoir. The purchase of this property will provide a protective buffer against storm water runoff, which includes phosphorous that could lead to harmful algal blooms.	DEC WQIP SWP	\$475,000
84610	Westchester	Westchester-Putnam Workforce Development Board	Westchesters Promise	Westchester-Putnam Workforce Development Board will provide training to individuals seeking employment as Medical Administrative Assistants, Phlebotomy Technicians, and Electrocardiography Technicians.	DOL UWT	\$100,000
82216	Westchester	Wolf Conservation Center	Education Pavilion	The Wolf Conservation Center will build a new Education Pavilion, to promote conservation by teaching about wolves, their relationship to the environment and the human role in protecting their future. The new tourism destination will also offer programs and special events to visitors to the Mid-Hudson Region.	ESD MNY	\$253,800
		Excelsior Jobs Credits		Excelsior Jobs Program tax Credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	\$11,000,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$20,000,000
